Excerpt from *With the Procession* A Novel It is a very capable and comprehensive vehicle as conveyances of that kind go It is not new it is not precisely in the mode but it shows material and workmanship of the best grade and it is washed oiled polished with scrupulous care It advances with Some deliberation and one might fancy hearing in the rattle of its tires or in the sup pressed apping of its rear curtain a word of plain tive protest I am not of the great world it seems to say I make no pretence to fashion We are steady and solid but we are not precisely in society and we are far very far indeed from any attempt to cut a great figure However do not misunderstand our position it is not that we are under nor that we are exactly aside perhaps we have been left just a little behind Yes that might express it just a little behind About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **With the Procession a Novel** Henry B Fuller, 2023-07-18

Fuller, 2016-09-22 Henry Blake Fuller January 9 1857 July 28 1929 was a United States novelist and short story writer born in Chicago Illinois Career Fuller s earliest works were travel romances set in Italy that featured allegorical characters Both *The Chevalier of Pensiéri Vani* 1890 and *The Ch telaine of La Trinit* 1892 bear some thematic resemblance to the works of Henry James whose primary interest was in the contrast between American and European ways of life Fuller s first two books appealed to the genteel tastes of cultivated New Englanders such as Charles Eliot Norton and James Russell Lowell who took Fuller s work as a promising sign of a burgeoning literary culture in what was then still largely the frontier city of Chicago Fuller then turned to literary realism writing *The Cliff Dwellers* 1893 what is perhaps the first novel set among the skyscrapers and frenetic business culture of modern day Chicago The novel shocked and outraged Chicago readers who found its unflattering portrait of the city jarring The novel won the praise of the influential critic and novelist William Dean Howells whose positive review did much to secure Fuller s position as an important regional realist Novels like *The Cliff Dwellers* and *With the Procession* 1895 were influenced by the social realism of Howells who described American institutions being transformed by the economic and demographic changes of the late nineteenth century although the scenes of violence in *The Cliff Dwellers* feature elements of naturalism not to be found in Howells novels *With the Procession* though realistic was kindlier in touch with humor playing over its seriousness unlike the relentless realism of *The Cliff Dwellers* Fuller s preference for Howells over James is the subject of one of Fuller s important unpublished essays entitled *Howells or James* Fuller also wrote twelve one act plays collected in *The Puppet Booth* 1896 He wrote for various journals including *The Dial* and he provided some editorial assistance to *Poetry* in its early years While he is considered one of the important novelists of Chicago s early years his own relation to the city was often strained The scion of one of Chicago s early settler families he found the increasingly industrial and multicultural nature of the city offputting His ambivalence is expressed in *The Cliff Dwellers* and *With the Procession* both of which are set in Chicago *The Cliff Dwellers* is one of the first novels to treat at length social life in the new skyscraper environment that was pioneered in Chicago

With the Procession Henry Blake Fuller, 2013-06-19 When old Mr Marshall finally took to his bed the household viewed this action with more surprise than sympathy and with more impatience than surprise It seemed like the breaking down of a machine whose trustworthiness had been hitherto infallible his family were almost forced to the acknowledgement that he was but a mere human being after all They had enjoyed a certain intimacy with him in lengths varying with their respective ages but they had never made a full avowal that his being rested on any tangible physical basis Rather had they fallen into the way of considering him as a disembodied intelligence whose sole function was to direct the transmutation of values and credits and resources and opportunities into the creature comforts demanded by the state of life unto which it had please Providence to call them and their dismay was now such as might occur at the Mint if the great stamp were suddenly and of

its own accord to cease its coinage of double eagles and to sink into a silence of supine idleness His wife and children acknowledged indeed his head and his hands those it were impossible to overlook but his head stopped with the rim of his collar while his hands those long lean hands freckled tufted goldishly between joints and knuckles they never followed beyond the plain gilt sleeve buttons marked with a Roman M which secured the overlapping of his cuffs No poor old David Marshall was like one of the early Tuscan archangels whose scattered members are connected by draperies merely with no acknowledged organism within nor were his shining qualities fully recognized until the resolutions passed by the Association of Wholesale Grocers reached the hands of his bereaved
