Smith, Susan Marie Turner, 2014-05-27 In *Incorporating Texts into Institutional Ethnographies* Dorothy E Smith and Susan Marie Turner present a selection of essays highlighting perhaps the single most distinctive feature of the sociological approach known as Institutional Ethnography IE the ethnographic investigation of how texts coordinate and organize people s activities across space and time The chapters written by scholars who are relatively new to IE as well as IE veterans illustrate the wide variety of ways in which IE investigations can be done as well as the breadth of topics IE has been used to study Both a collection of examples that can be used in teaching and research project design and an excellent introduction to IE methods and techniques *Incorporating Texts into Institutional Ethnographies* is an essential contribution to the subject **Rigorous Reading, Florida Edition** Douglas Fisher, Nancy Frey, 2020-05-27 Newly revised and updated throughout this new Florida Edition has been specially developed to align with Florida s new B E S T Standards What it really means to read closely What could Fern Arable Jay Gatsby and Winston Churchill possibly have in common They all need masterful teachers to help students revel in their complexity And Nancy Frey and Doug Fisher are just the two mentors to help you make that happen Call it close reading call it deep reading call it analytic reading call it what you like The point is it s a level of understanding that students of any age can achieve with the right kind of instruction In *Rigorous Reading* Nancy and Doug articulate an instructional plan so clearly and so squarely built on research that teachers schools and districts need look no further The 5 Access Points Toward Proficiency Purpose Modeling Teachers think aloud to demonstrate critical thinking and how good readers always know why they are reading Close Scaffolded Reading Instruction Teachers engage students in repeated readings and discussions with text dependent questions prompts and cues to help students delve into an author s ideas Collaborative Conversations Teachers orchestrate collaborative learning to get students in the habit of exercising their analytical thinking in the presence of their peers An Independent Reading Staircase Teachers artfully steer students to more challenging books with strategic bursts of instruction and peer conferences to foster metacognitive awareness Performance Teachers offer feedback and assessments that help students demonstrate understanding of text in authentic ways and plan

instruction based on student understanding There s more Also included are illustrative classroom video clips available via QR codes making Rigorous Reading the only resource a teacher school or district needs to seriously stretch students capacity to read and comprehend text

Institutional Ethnography Dorothy E. Smith,2005-06-03 Prominent sociologist Dorothy Smith outlines a method of inquiry that uses everyday experience as a lens to examine social relations and social institutions Concerned with articulating an inclusive sociology that goes beyond looking at a particular group of people from the detached viewpoint of the researcher this is a method of inquiry for people incorporating the expert s research and language into everyday experience to examine social relations and institutions The book begins by examining the foundations of institutional ethnography in women s movements differentiating it from other related sociologies the second part offers an ontology of the social and the third illustrates this ontology through an array of institutional ethnography examples This will be a foundational text for classes in sociology ethnography and women s studies
