Ethical Shopping For Beginners

Chao Zhang

Ethical Shopping For Beginners:

Behavioral Economics For Dummies Morris Altman, 2012-02-28 A guide to the study of how and why you really make financial decisions While classical economics is based on the notion that people act with rational self interest many key money decisions like splurging on an expensive watch can seem far from rational The field of behavioral economics sheds light on the many subtle and not so subtle factors that contribute to our financial and purchasing choices And in Behavioral Economics For Dummies readers will learn how social and psychological factors such as instinctual behavior patterns social pressure and mental framing can dramatically affect our day to day decision making and financial choices Based on psychology and rooted in real world examples Behavioral Economics For Dummies offers the sort of insights designed to help investors avoid impulsive mistakes companies understand the mechanisms behind individual choices and governments and nonprofits make public decisions A friendly introduction to the study of how and why people really make financial decisions The author is a professor of behavioral and institutional economics at Victoria University An essential component to improving your financial decision making and even to understanding current events Behavioral Economics For Dummies is important for just about anyone who has a bank account and is interested in why and when they spend money

The Role of Smart Technologies in Decision Making Eleonora Pantano, Francesca Serravalle, 2022-10-20 This comprehensive book examines the impact of smart technologies in consumer s behaviour from a contemporary perspective blending marketing and retailing along with other disciplines such as psychology media studies and sociology Market forces and technological advancements are making the management of and strategies for innovation more prominent and essential in all functions of business not least marketing and retailing Frontiers of marketing are constantly pushed requiring the development and adjustments of new theories Prior literature on innovation in marketing has mainly focused on digital marketing strategies and consumer behaviour while only recently introducing the notion of smart retailing in terms of smart experience and interaction While these studies provide a basis for defining smart retailing and consumer behaviour in smart retail settings the concept of smart consumers is still under investigated Thus the smart consumer consumers making extensive use of smart technologies in all steps of their shopping behaviour and experience of the store both offline and online is emerging as a promising area for future marketing and retailing studies The chapters in this edited volume seek to understand the effect of innovation in consumer behaviour by proposing original empirical and theoretical contributions methods models tools and case studies that contribute to explain this emergent phenomenon The chapters in this book were originally published as a special issue of the Journal of Marketing Management
