Seeking the Queen Finding Starwalker Kerstin Peters, Henry Svensson, Calle Nyman, Betina Brandes, 2025-03-03

Kerstin Peters is as down to earth as you can get outside of her work as a writer she has spent her spare time investigating the invisible in our lives What brought her and the others on through the documentary was one of her true dreams which all warn her of what is to come A true analyst Henry Svensson spends most of his time in academia He is used to plowing through the pages of books which was an excellent starting point when mysteries needed to be solved for this book Calle Nyman is used to being on stage and bringing the audience along with his comedy so it was natural for him to be the one to make the first contact with people who would be part of what changed the trio forever The trio of writers like many others had been promised gold and green forests in the movement they had met and followed They got tired of waiting and said goodbye to what they had been part of But then Kerstin dreamt one of her true dreams this time with content that again piqued their interest The dream provided new clues that could have filled a whole book of sect revelations but more and more they realized that this is much bigger than that We follow the trio through discovery after discovery reading about when they meet famous characters from Channie West s diaries and when they meet people who have genuine extraterrestrial contacts We also get to sit in on classes where they get to experience what it s like to meet beings from another world And most memorably the long awaited trip into space which involved everything but packing for a simple picnic It took the trio several years to get from start to finish and when they felt ready they brought in someone to help check the facts they had gathered It was Betina Brandes who undertook to find and interview people who could verify or reject what the colorful characters had given them She has a good insight into much of the book s content herself which made her a good outside critic and she was also responsible for translating the documentary Reading this 600 page book is like watching a well researched exciting documentary It is so easy to follow even though it is incredibly fact packed because it is lightened by the humor and you are driven by the mysteries

The Cowgirl Princess and Starwalker Dianne Brown, 2012-07-13

Who could have known that this girl child seeded in a little cabin at a Columbine resort on her mothers honeymoon would carry stardust in her veins from a stellar system so very far away in the universe It would have been impossible at that time for anyone to know that in this mortal flesh walked an entity of high spiritual esteem My mother named me Diana after the goddess of the hunt the forest and the beloved moon which is merely 250 thousand miles away Precious precious and set aside kept safe for these days I was tenderly wrapped in mythology and poetry and tucked in nightly by my mother who showed me the moon and the man who lived there This magical lady told me her firstborn that I was made of moonbeams and stardust There is no doubt in my mind that I was programmed by Lorines love of poetry and stories Her childlike belief in the truth of fairytales and the magic of rhyme and words strung together like precious jewels in a royal necklace was impressed into my DNA This caused certain dendrons to lie down and give way to those that would stand tall and carry verse and prose

through my soul like a great river I have kept my promise to Lorine I have written her story The Cowgirl Princess and Starwalker using her collection of journals and photographs and of course I wove it all together with my own especially special collection of memories and lots and lots of stardust and tears *Holstein-Friesian Herd-book* Holstein-Friesian Association of America,1922 Holstein-Friesian Herd-book, Containing a Record of All Holstein-Friesian Cattle ...
