Properties of Violence David Correia,2013-03 Through a compelling story about the conflict over a notorious Mexican period land grant in northern New Mexico David Correia examines how law and property are constituted through violence and social struggle Spain and Mexico populated what is today New Mexico through large common property land grants to shepherders and agriculturalists After the U S Mexican War the area saw rampant land speculation and dubious property adjudication Nearly all of the huge land grants scattered throughout New Mexico were rejected by U S courts or acquired by land speculators Of all the land grant conflicts in New Mexico s history the struggle for the Tierra Amarilla land grant the focus of Correia s story is one of the most sensational with numerous nineteenth century speculators ranking among the state s political and economic elite and a remarkable pattern of resistance to land loss by heirs in the twentieth century Correia narrates a long and largely unknown history of property conflict in Tierra Amarilla characterized by nearly constant violence

night riding and fence cutting pitched gun battles and tanks rumbling along the rutted dirt roads of northern New Mexico
The legal geography he constructs is one that includes a surprising and remarkable cast of characters millionaire sheep
barons Spanish anarchists hooded Klansmen Puerto Rican terrorists and undercover FBI agents By placing property and law
at the center of his study Properties of Violence provocatively suggests that violence is not the opposite of property but
rather is essential to its operation
