## Wards Of The State:

**Wards of the State** Claudia Rowe, 2025-05-20 Finalist for the 2025 National Book Award for Nonfiction An immersive devastating look at foster children's lives Seattle Times A compelling exploration of the broken American foster care system told through the stories of six former foster youth This powerful narrative nonfiction book delves into the systemic failures that lead many foster children into the criminal justice system highlighting the urgent need for reform This book is a must read for anyone interested in child welfare social justice and the transformative power of the best narrative nonfiction In Wards of the State award winning journalist Claudia Rowe's storytelling is both vivid and unflinching offering readers a deep understanding of the foster care to prison pipeline Through interviews with psychologists advocates judges and the former foster children themselves Rowe paints a heartbreaking picture of the lives shaped by this broken system By the time Maryanne was 16 years old she had been arrested for murder In and out of foster and adoptive homes since age 10 she'd run away been trafficked and assaulted and finally pointed a gun at a man and pulled the trigger She fled but it didn't take long for the police to catch up with her In court the defense blamed neither traffickers nor Maryanne but Washington state itself or rather its foster care system which parents thousands of children every year The courts didn't listen to that argument but award winning journalist Claudia Rowe did Washington state isn't alone Each year hundreds of thousands of children grow up in America's \$30 billion foster care system only to leave and enter its prisons where a quarter of all inmates are former foster youth Weaving Maryanne's story with those of five other foster kids across the country including an 18 year old sleeping on the New York City subways a dropout turned graduate student and a foster child who is now a policy advisor to the White House Rowe paints a visceral survival narrative showing exactly where when and how the system channels children into locked cells Rowe brings her extensive experience and investigative prowess to this eye opening work With a career spanning over 25 years Rowe has written for publications such as The New York Times and Mother Jones and her reporting has influenced policy changes in Washington State Her previous book *The Spider and the Fly* was a gripping true crime memoir that showcased her ability to blend personal narrative with broader social issues *Public Documents of the State of Wisconsin, Being the Biennial Reports of the Various State Officers, Departments and Institutions Wisconsin (Ter.) Laws, Statutes, etc., 1907* **State Almanac and Official Directory of Missouri** Missouri. Office of the Secretary of State, 1899 **Official Manual of the State of Missouri**, 1899 [Public Documents of the State of Wisconsin Wisconsin, 1874](#) *Wards of Hanoi* David Wee Hock Koh, 2006 In this book the author marshals evidence to support an arena specific approach towards viewing Vietnam's state society relations In practice the Vietnamese party state's relations with society vary from the hard and uncompromising state with the bureaucracy getting its way to society's ability to negotiate the state's boundaries and regimes to make them less harsh Any analysis of Vietnam's state society relations needs to recognize and demonstrate both elements of dominance and accommodation as well as specify the context in which either

or both are seen Alone neither is adequate In particular the idea of the state needs to be disaggregated because state is not a singular actor that is coherent or uniform through time and space To demonstrate how state disaggregation can make our view more nuanced this book analyses state society interaction at the ward level of Hanoi an urban local authority
