Washing A Language:

A Standard Dictionary of the English Language ..., 1904 *A History of the Study of the Indigenous Languages of North America* Marcin Kilarski, 2021-12-06 The languages indigenous to North America are characterized by a remarkable genetic and typological diversity Based on the premise that linguistic examples play a key role in the origin and transmission of ideas within linguistics and across disciplines this book examines the history of approaches to these languages through the lens of some of their most prominent properties These properties include consonant inventories and the near absence of labials in Iroquoian languages gender in Algonquian languages verbs for washing in the Iroquoian language Cherokee and terms for snow and related phenomena in Eskimo Aleut languages By tracing the interpretations of the four examples by European and American scholars the author illustrates their role in both lay and professional contexts as a window onto unfamiliar languages and cultures thus allowing a more holistic view of the history of language study in North America **Baptism and Feet-washing** Peter Bergstresser, 1896 **Library of Congress Subject Headings** Library of Congress, 2013

Hebrews Douglas J. Moo, 2024-11-19 Designed for the pastor and Bible teacher the Zondervan Exegetical Commentary on the New Testament features today's top New Testament scholars and brings together commentary features rarely gathered together in one volume With careful analysis and interpretation of the Greek text the authors trace the flow of argument in each New Testament book giving readers the tools they need to properly understand and communicate the meaning of the text Commentary on each passage follows a clear structure to help readers grasp the flow and meaning of the text Literary Context A brief discussion of how the passage functions in the broader literary context of the book Main Idea A one or two sentence statement of the big idea or central thrust of the passage Translation and Graphical Layout Presents each commentator's translation of the Greek text in a graphical layout to help the reader visualize and thus better understand the flow of thought within the text Structure Describes the flow of thought in the passage and explains how certain interpretive decisions regarding the relationship of the clauses were made in the passage Exegetical Outline The overall structure of the passage is described in a detailed exegetical outline This will be particularly helpful for those who are looking for a way to concisely explain the flow of thought in the passage in a teaching or preaching setting Explanation of the Text Commentators examine words and images grammatical details relevant Old Testament and Jewish background to a particular concept historical and cultural context important text critical issues and various interpretive issues that surface Theology in Application The theological message of the passage is summarized The author discusses the theology of the text in terms of its place within the book and in a broader biblical theological context Finally each commentator provides some suggestions on what the message of the passage is for the church today The Zondervan Exegetical Commentary on the New Testament series is the go to resource for pastors and Bible teachers looking for deep but accessible study that equips them to connect the needs of Christians today with the biblical text *A new dictionary of the French and English languages compiled from*
