Watching Water Birds:

Watching Waterbirds with Kate Humble and Martin McGill Kate Humble, Martin McGill, 2011-04-27 This book introduces some 75 species of wetland birds to readers through the eyes of Kate Humble. As she freely admits herself, Kate is still learning her birds, so to find out more she contacted Martin McGill of the Wildfowl Wetlands Trust to act as her guide. Their birdwatching sessions together form the basis of this book. As Kate learns the difference between a Canada Goose and a Barnacle Goose, which ducks dive and which ducks dabble, and how to tell apart those little brown jobs that warble from the reedbeds, so she passes on the information to the reader as she goes. The effect is not dissimilar to the Last Chance to See series in which Mark Carwardine and Stephen Fry scour the world for endangered species. The difference between Canada Geese and Barnacle Geese: Just remember that the Canada goose has a chin strap. The Teal is the Ziggy Stardust of the duck world while the Shoveler feeds as though it's dropped its contact lenses. Each species takes up approximately two pages complete with photographs and illustrations to bring out the key identification and behavioural points. The birds are divided into simply titled groups: large waddling birds, little brown jobs, and so on. Other chapters in the book cover topics such as basic equipment, clothing, hide etiquette, and more, each written for the beginner in Kate's style. WWT centres: Slimbridge, Glos, Arundel, Sussex, Wetland Centre, Barnes, Welney, Norfolk, Washington, Tyne Wear, Caerlaverock, Dumfries, Martin Mere, Lancs, Llanelli, Wales, Castle Espie, N Ireland. Watching Water Birds Jim Arnosky, 1997. Provides a personal look at various species of fresh and saltwater birds including loons and grebes, mergansers, mallards, wood ducks, Canada geese, gulls, and herons.

Where to watch Waterbirds Ashok Verma, 2023-03-03. If you are sitting near a waterbody, be it pond, lake, river, stream, etc, you cannot refrain from watching a waterbird. It is so exciting, thrilling, cool, and relaxing. As it may trigger ideas, curiosity, and get you inspired. Let winter come, and you will be more surprised to see more waterbirds, as migratory waterbirds have also started pouring in from as far as Siberia. The author takes you to as many as twenty-seven such waterbodies spanning Bharatpur, Dausa, Karauli, Alwar, Dholpur, Jaipur, Mathura, and Agra, which you would love to visit. For you will find lots of diverse waterbirds and enjoy their sheer beauty and unimagined activities. The Water Birds of North America Spencer
