Lawless Liberators Rosalie Schwartz, 1989 Among the forces that took the field in the 1890s in an

attempt to overturn the Spanish colonial regime in Cuba were a large number of rural bandits. The alliance between outlaws and more respectable separatists was not accidental nor did it prove peripheral to Independence strategies. Thieves, extortioners, kidnappers and killers who cast their lot with veteran insurgents emerged from and contributed to a century of social and economic upheaval. The reasons cited by many bandits for their outlawry were the same as those that appeared as complaints in revolutionary manifestos. Ransom and extortion money furnished by bandits also often replenished the bankrupt coffers of the rebellion. Manuel Garcia, a hero-villain of Cuban folklore to this day, was the most notorious of the brigand patriots and led a gang that spread terror throughout Havana province, contributing to the breakdown of rural order that preceded full-scale rebellion in 1895. *Lawless Liberators* examines the origins, actions, and ends of these often sudden and violent bandit groups such as Garcia's that paved the way for the revolution and offers a reasoned and balanced analysis of their role in those dramatic events. *Newsletter*, Conference on Latin American History, 1983. **The Hispanic American Historical Review**, James Alexander Robertson, 1996. This reference provides a detailed listing of eponyms in the social sciences along with entries for some toponyms. The work includes terms from a broad range of social sciences including anthropology, economics, education, history, political science, religious studies, and sociology. The entries are arranged alphabetically. Each begins with a brief definition of the term, followed by a discussion of the term's history and significance. The entry then provides biographical information for the person from whose name the entry was derived. A brief bibliography concludes each entry, and the dictionary closes with lists of entries arranged by category and a selected bibliography of works on eponyms. *Contents of Periodicals on Latin America*, 1986.
