**The Writing Workshop Note Book** Alan Ziegler,2010-09 *The Writing Workshop Note Book* is devoted to making remaking and remarking on writing Animated by a concern about how we relate to our own and others writing and by a desire to have a felicitous effect on the reader s experience with writing and critiquing and

supported by his experience from decades of leading writing workshops Ziegler has the following goals for this book 1 It will be useful if you are taking or thinking of taking a writing workshop 2 It will benefit workshop teachers 3 It will be a helpful companion to a solitary writer who can be thought of as a workshop of one 4 It will be pleasant to read While this book does focus on the workshop experience it is impossible to truly explore the workshop without dealing with the heart that sustains the workshop s brain the act of creation Thus Part One is concerned with the work that leads to the drafts on the workshop table and Part Two emphasizes what happens around the table while these drafts are critiqued The two Parts are not discrete the issues in Part One often occupy workshop discussion Teachers of writing do not open up cans of lectures pedagogy in workshops gets doled out in brief exegeses organized opportunistically as the work comes across the table Ziegler replicates this process by arranging the material into notes which the reader can absorb sequentially or alight on as he flips through the pages
