Yash Chopra Hardcover:

China Review International ,2006 **Screen World** ,2000 *The Book of Secrets* Deepak Chopra, M.D.,2005-09-27
The Book of Secrets is the finest and most profound of Deepak Chopra's books to date. Want the answers to the secrets of life? Let me recommend that you start right here. Ken Wilber, author of *A Brief History of Everything*. We all want to know how to find a soul mate, what career would be most fulfilling, how to live a life with meaning and how to teach our children well. We are looking for a personal breakthrough, a turning point, a revelation that brings with it new meaning. The Book of Secrets, a crystalline distillation of insights and wisdom accumulated over the lifetime of one of the great spiritual thinkers of our time, provides an exquisite new tool for achieving just that. Every life is a book of secrets, ready to be opened. The secret of perfect love is found there, along with the secrets of healing, compassion, faith, and the most elusive one of all: who we really are. We are still mysteries to ourselves, despite the proximity of these answers, and what we most long to know remains lodged deep inside. Because answers to the questions at the center of life are counterintuitive, they are often hidden from view, sequestered from our everyday gaze. In his ongoing quest to elevate our experience, bestselling author Deepak Chopra has isolated fifteen secrets that drive the narrative of this inspiring book and of our lives: From *The World Is in You* and *What You Seek You Already Are* to *Evil Is Not Your Enemy* and *You Are Truly Free When You Are Not a Person*. The Book of Secrets is rich with insights. It is a priceless treasure that can transport us beyond change to transformation and from there to a sacred place where we can savor the nectar of enlightenment.

His extraordinary bestseller *Quantum Healing* explored the mind's connection to seemingly miraculous cures for cancer and other serious illnesses. Now in *Unconditional Life* he undertakes an even greater challenge to explain how consciousness can lead the way to total freedom and perfect health. *Unconditional Life* brings together disciplines ranging from modern physics and neuroscience to the ancient traditions of Indian wisdom to show how our perceptions create our reality for good or ill and how the outside world can be shaped by altering the world within. What Are You Hungry For? Deepak Chopra, M.D., 2013-11-12 The basis for the PBS Special What Are You Hungry For is the breakthrough book that can bring weight under effortless control by linking it to personal fulfillment in every area of a reader s life After promoting this message worldwide for thirty years bestselling author Deepak Chopra focuses on the huge problem of weight control in America with exciting new concepts What are you hungry for Food Love Self esteem Peace In this manual for higher health based on the latest findings in both mainstream and alternative medicine Deepak Chopra

creates a vision of weight loss based on a deeper awareness of why people overeat because they are trying to find satisfaction and wind up using food as a substitute for real fulfillment. Repudiating the failed approaches of crash dieting and all forms of deprivation, Chopra's new book aims directly at the problem of finding fulfillment. When that problem is solved, he argues, normal eating falls into place automatically and the entire system of mind and body achieves what it really desires. Everyone's life story is complicated and the best intentions go astray because people find it hard to change, writes Chopra. Bad habits like bad memories stick around stubbornly when we wish they'd go away. But you have a great motivation working for you, which is your desire for happiness. I define happiness as the state of fulfillment and everyone wants to be fulfilled. If you keep your eye on this, your most basic motivation, then the choices you make come down to a single question: What am I hungry for? Your true desire will lead you in the right direction. False desires lead in the wrong direction. Wherever you are in life, this book will help point you in that right direction. *The Seven Spiritual Laws of Success* Deepak Chopra, 2009-04-14

Self help [How to Know God](#) Deepak Chopra, 2000. In the most ambitious and important book of his career, Deepak Chopra sets us on a path to the ultimate spiritual experience. The bestselling author of *Ageless Body Timeless Mind* and *The Seven Spiritual Laws of Success* has written a groundbreaking exploration of the seven ways we experience God. These are shaped not by any one religion but by an instinct that is hard-wired into the brain. In this remarkable work, Chopra takes us step by step from the first stage where the brain's fight or flight response yields us the experience of a God who is an all-powerful parent to the seventh stage where the brain experiences God as pure being, a sacred presence that just is. All seven stages are available to us at all times. In *How to Know God*, Deepak Chopra charts a fascinating course for us as we explore mysticism, religious ecstasy, genius, telepathy, multiple personality, and clairvoyance, drawing insights from psychology, neurology, and physics, as well as from the great religions. The result is vintage Chopra: that internationally celebrated blend of philosophy and science applied to the greatest subject of all. This is the quest all of us are on, whether we realize it or not. This is the ultimate hunt for, as Chopra puts it, God. God is our highest instinct to know ourselves. This remarkable book makes a dramatic and enduring contribution to that knowledge.
