Learn FileMaker Pro 9 Jonathan Stars, 2007. Learn FileMaker Pro 9 provides a logical, hands-on approach to understanding the features of FileMaker Pro, both for beginners and those who have experience with previous versions of the software. From defining database terms and converting files created in previous FileMaker Pro versions to producing reports and using files on the web, this book covers the fundamentals as well as the newest features that considerably enhance FileMaker Pro's database management capabilities. Learn how to format layout objects with autoresize and conditional formatting; harness the power of the new external SQL data source tools; adapt one script to many purposes to cut development time and expense; work with the enhanced web viewer to harvest data for your applications; share data as PDF and Excel files and export data as e-mail attachments; organize your relationships with the anchor buoy method; use the alignment tools to quickly align objects on your layout.

Learn FileMaker Pro 5.0 Jonathan Stars, 2000. Learn FileMaker Pro 5.0 is designed to teach the fundamentals of this cross-platform relational database program to both Macintosh and PC users while also providing more advanced topics for intermediate users. Beginners learn the basic elements of FileMaker in a straightforward, logical manner, complete with hands-on exercises and chapter quizzes. For those who have experience with FileMaker, the book includes information on troubleshooting and debugging scripts; creating a report based on a date range and how to turn a field into a button. By the time readers complete this book, they will have a set of files they can use to keep track of customers and invoices. The appendixes address issues such as network error messages and technical support. In addition, an extensive index with more than 2,500 entries guides the reader to specific FileMaker topics. The companion CD-ROM contains the example files in both Windows and Macintosh formats, along with other FileMaker developer solutions and plug-ins. Jonathan Stars is a software consultant in Michigan where he specializes in creating FileMaker databases. Among his many projects, he has developed databases for government agencies in Michigan, music publishers, and universities.
