## Wide Awake:

**Little wide-awake (magazine, ed.) by Mrs. S. Barker** Lucy D Sale Barker, 1885      **Wide Awake** Erwin Raphael McManus, 2008-07-01 The alarm sounds Your feet hit the floor and carry you into another day But what does that day hold for you Will you be punching your card at work catching up on TV at home and crashing into bed before you rinse and repeat the next day Or will you dare to dig deep and discover the incredible potential lying dormant within us all In Wide Awake renowned speaker and church visionary Erwin Raphael McManus challenges us to put an end to all the sleepwalking and settling for each of us was created by God for a reason He has called you to live as Jesus did a heroic life void of monotony teeming with danger adventure and the unknown Living wide awake is about realizing that the world desperately needs you to live up to your potential There is a future that needs to be created and it is waiting for us all to wake up and get out of bed The alarm has sounded and it is time to shake off the slumber It s time to live to create to imagine to dream Wide Awake

Reading for the Young, 1896     *The American Gift Book*, 1856     *Religion and Popular Music* Andreas

Häger, 2018-09-06. Through in-depth case studies, *Religion and Popular Music* explores encounters between music fans and religion. The book examines several popular music artists, including Bob Dylan, Prince, and Katy Perry, and looks at the way religion comes into play in their work and personas. Genres explored by contributing authors include country, folk, rock, metal, and Electronic Dance Music. Case studies in the book originate from a variety of geographic and cultural contexts, focusing on topics such as nationalism and hard rock in Russia, fan culture in Argentina, and punk and Islam in Indonesia. Chapters engage with the central issue of how global music meets local audiences and practices, and considers how fans, as well as religious groups, react to the uses of religion in popular music. It also looks at how they make these interactions between popular music and religion components in their own identity, community, and practice. Tapping into a vital and lively topic of teaching, research, and wider cultural interest, and employing diverse methodologies across musicians, fans, and religious groups, this book is an important contribution to the growing field of religion and popular music studies.     **A History of the People of**
