 Londré, 2009-09-02 The 50 year period from 1880 to 1929 is the richest era for theater in American history certainly in the
 great number of plays produced and artists who contributed significantly but also in the centrality of theater in the lives of
 Americans As the impact of European modernism began to gradually seep into American theater during the 1880s and quite
 importantly in the 1890s more traditional forms of theater gave way to futurism symbolism surrealism and expressionism
 American playwrights like Eugene O'Neill George Kelly Elmer Rice Philip Barry and George S Kaufman ushered in the
 Golden Age of American drama The A to Z of American Theater Modernism focuses on legitimate drama both as influenced
 by European modernism and as impacted by the popular entertainment that also enlivened the era This is accomplished
 through a chronology an introductory essay a bibliography and hundreds of cross referenced entries on plays music
