[Must-Have Guide For Roblox Game Designers](#) Alejandro Leidall, 2021-03. If you're new to scripting, you've come to the right place. This is a complete beginner tutorial book that will teach you the fundamentals of Roblox scripting. Game development used to seem like a far-fetched idea that only big studios could undertake. What if you wanted to create your own game according to your rules? Furthermore, what if you wanted to share your awesome new game with a bunch of other like-minded gamers and game developers? There's some good news: the Roblox coding language can help build your game in no time and share it with other passionate players. Roblox is a unique phenomenon. Released in 2006, Roblox is the brainchild of two developers: David Baszucki and Erik Cassel. Learn how to code using the programming language Lua to create new objects and games in the Roblox world: from teleporting objects or PCs/NPCs to adding and applying power-ups to creating a leaderboard and allowing players to save their games. This book walks you through the basics of the studio tool, provides tutorials for specific actions and creations, then explains how to use all of that knowledge to create your own unique game world. With detailed instructions, example screenshots, and simple explanations of what code to use and how to use it, this book is a must-have guide for any Roblox game designer, from beginners to expert coders.
