SPY SCIENCE

MISSION

MISSION #1
Periscope - 1st Part

CLASSIFIED

BACKGROUND
The periscope you've been assigned has been specially placed in your room to help you spy on the neighbors of the top-down in the building. This allows you to see their clothes and other activities. You can use these mirrors because light always reflects off a mirror at the same angle as the mirror. **How to assemble the periscope:** The mirrors inside are set at a specific 45 degree so when light enters the 1st mirror at the front mirror, the light reflects off to the second mirror behind the second mirror. When you look through the second mirror, a second change occurs and out the top you go.

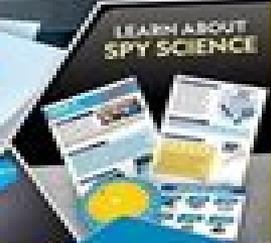

MISSION OBJECTIVE
Using your periscope to spy on the neighbors, what can you see in your room? Can you see the neighbors? Can you see the "top-down" in the building?
