Yumba Days:

Yumba Days Herb Wharton, 2011-04 The Yumba an Aboriginal settlement is home to Herbie his brothers sisters relations and friends on the outskirts of town From his back door the view of his playground stretches beyond the banks of the Warrego River as far as the eye can see The fun loving Herbie learns his culture from both Aboriginal and white worlds from his tribal elders and from the local townies For Herbie his Yumba is a village peopled with friends and family who keep an eye on him and his mates But there s always escape to the surrounding hophush plain a larrikin s paradise Herbie s rollicking adventures range from school age antics to his teenage years as a stockman and briefly on into the present and his wry observations in traveling the world as an author *Book Review Yumba Days, by Herb Wharton/Judy Kelly* Judy Kelly, 1999

Book review **By the Book** Patrick Buckridge, Belinda McKay, 2007-09 Queensland a place of barren land and wild politics with subtropical weather beaches and natural wonders is the subject of this rich literary history Chronicling a wide range of literature from the first days of European settlement to the present day this collection touches upon thematic topics such as travel stories writing for children and indigenous writings The role of institutions such as schools public libraries the press and publishers as well as how they have contributed to the shaping of Queensland s literary development is also included

Follow the Rabbit-Proof Fence Doris Pilkington, 2013-05-01 This extraordinary story of courage and faith is based on the actual experiences of three girls who fled from the repressive life of Moore River Native Settlement following along the rabbit proof fence back to their homelands Assimilationist policy dictated that these girls be taken from their kin and their homes in order to be made white Settlement life was unbearable with its chains and padlocks barred windows hard cold beds and horrible food Solitary confinement was doled out as regular punishment The girls were not even allowed to speak their language Of all the journeys made since white people set foot on Australian soil the journey made by these girls born of Aboriginal mothers and white fathers speaks something to everyone **Unbranded** Herb Wharton, 2000-06 From the

riotous picnic races to the famous Mt Isa rodeo from childhood in the yumba to gutsy outback pubs Unbranded presents a strikingly original vision of Australia With a rollicking cast of stockmen shearers barmaids and tourists this novel is the story of three men Sandy is a white man Bindi a Murri Mulga is related on his mother s side to Bindi and on his Irish father s side to Sandy Their saga and enduring friendship covers forty years in the mulga country of the far west It tells how Sandy achieves his dream of owning a cattle empire how Bindi regains part of his tribal lands for his people and how Mulga finally sits down to write about their shared experiences Mulga s journey also brings him face to face with the dark side of urban despair and his people s struggle with alcohol One of the most important Black texts a creative work of significance I read Herb s novel throughout the night not being able to put it down I found it enthralling **Mudrooroo** **Bush, City,**

Cyberspace John Foster, Ern Finnis, Maureen Nimon, 2005-06-01 Aimed at academic professional and general readers Bush city cyberspace provides a snapshot of the state of Australian children s and adolescent literature in the early twenty first

century and an insight into its history In doing so it promotes a sense of where Australian literature for young people may be going and captures a literary and critical mood with which readers in Australia and beyond will identify The title of the work is intended to capture the fact that the field has changed dramatically in the century and a half that Australian children s literature has existed from the bush myths and heroism that inform the past and the present through the recognition that the vast majority of authors and readers live in cities to the third wave of cyberliterature that incorporates multimedia hypertext weblinks and e books none of which lessens the enduring enthusiasm of practitioners and readers for books Bush city cyberspace is not meant to be an encyclopedic volume Rather well known recent and or award winning works have been emphasised with the addition of others where these help to illuminate particular points The book is similar in coverage and approach to Australian Children s Literature An Exploration of Genre and Theme written by the same three authors and published by the Centre for Information Studies in 1995 In the intervening period much has changed in the field notable examples including the blurring of the dividing line between quality and popular literature the blending of genres the rise of a truly indigenous literature the demise to a significant extent of Outbackery in fiction the acceptance of multiculturalism as the norm and the advent of the literature of cyberspace with new methods and the sheer speed of communication between writer and reader All these trends and others are reflected in this work
