## **The Echo:**

*The Power of the Echo* Dr. Errick O. Redmond, 2025-11-20 The Power of the Echo teaches that every leader whether corporation business or spiritual setting creates a ripple effect through their words actions tone and decisions These signals never disappear they return amplified in the culture behavior morale and performance of the people they lead Clear consistent aligned leadership produces echoes of trust unity accountability and strong engagement Unclear or inconsistent leadership sends back echoes of confusion low morale misalignment and stagnation This principle reveals that a leader's true influence is measured not by what they say in the moment but by what returns through people systems and outcomes over time Whether building a high performing organization or a healthy ministry leaders must intentionally shape the echo they want because culture excellence and growth always reflect the sound that starts at the top
