The Thing Itself:

The Thing Itself Adam Roberts,2015-12-17 Adam Roberts turns his attention to answering the Fermi Paradox with a taut and claustrophobic tale that echoes John Carpenters *The Thing* Two men while away the days in an Antarctic research station Tensions between them build as they argue over a love letter one of them has received One is practical and open The other surly superior and obsessed with reading one book by the philosopher Kant As a storm brews and they lose contact with the outside world they debate Kant reality and the emptiness of the universe The come to hate each other and they learn that they are not alone *The Thing Itself* Richard Todd,2008-08-14 The celebrated literary memoir and chronicle of one man s search for the elusive gift of authenticity Troubled by the lack of substance in contemporary life Richard Todd suspects that much of what we experience is false In this unique pursuit of the genuine Todd examines his search for authenticity in places and objects in politics and ideas and in ourselves and recounts his efforts to understand the desire to be a real person in a real world [Jacob Sigismund Beck's Standpunctslehre and the Kantian Thing-in-itself Debate](#) Lior Nitzan,2014-06-25 This book examines the unique views of philosopher Jacob Sigismund Beck a student of Immanuel Kant who devoted himself to an exploration of his teacher s doctrine and to showing that Kant s transcendental idealism is contra to the common view both internally consistent and is not a form of subjective idealism In his attempt to explain away certain apparent contradictions found in Kant s system Beck put forward a new reading of Kant s critical theory a view which came to be known as the Standpunctslehre the Doctrine of the Standpoint Author Lior Nitzan reconstructs step by step the historical development of Beck s doctrine He shows how Beck s unique view is drastically different from that of his contemporaries and presents the relevance of Beck to contemporary debates about the proper interpretation of Kant s notion of objectivity the refutation of idealism and the role of the thing in itself in Kant s transcendental idealism In doing so Nitzan presents a defense of Beck s radical perspective of Kant s theory and claims that some of Kant s negative responses to it may in fact be due more to the adversary academic environment at the time than to Kant s true well considered opinion Jacob Sigismund Beck s Standpunctslehre challenges the two dominant schools in the interpretation of Kant s transcendental idealism the two world and the two aspect view It presents a new way of understanding Kant s transcendental idealism according to which the thing in itself plays no positive role in relation to the possibility of experience Moreover it claims that eliminating the thing in itself as the ultimate object of knowledge is not to admit idealism but in fact is the only way to consistently uphold realism In addition the book also addresses the question why assuming that the proposed interpretation is correct Kant had chosen not to make his true intentions clear **Time in Twenty-First-Century British and American Literature** Sonia Front,2025-06-20 This book investigates representations of time in twenty first century Anglo American literature In the digital era characterized by a new regime of time fiction offers revisions of prevalent oppressive notions of time that can serve as productive political strategies to reclaim the agency of the subject This book discusses literary texts that craft

innovative temporal structures out of sync with the new time logic suspended temporality Chapter 1 time as a conflation of phenomenological experience and cosmological laws Chapter 2 previewing the future Chapter 3 and networked memory Chapter 4 The proposed politically productive temporalities such as deep presence or resonance compatibilism contingency and the use of narrative as a chronologizing strategy ground a vision of change and suggest a way out of the crisis of time Identifying new timeframes in twenty first century fiction by an array of writers this book demonstrates that literature remains a valid medium for theorizing and representing time The Necessary Angel Massimo Cacciari,1994-11-04

Theology of the Manifest Steven Nemes,2023-04-11 This book proposes a radical critique of the methodological and onto epistemological presuppositions of the catholic tradition of theology for the sake of a post catholic Protestant reinterpretation of the Christian faith without metaphysics Drawing from the thought of Michel Henry and Huldrych Zwingli while making unique contributions of its own it addresses the method for theology theological onto epistemology the doctrine of God the person and work of Jesus the nature of the Church and of Christian faith and the sacraments of baptism and the Eucharist **The Encyclopedia of Indian Philosophies** Karl H. Potter,1970 This volume summarizes what we know of early Advaita Vedanta upto the Samkara s pupils Suresvara Padmapada Totaka and Hanstamalaka An analytical introduction by the editor introduces the reader to the concepts utilized by Gaudapada Samkaracarya and mandana Misra in expounding and defending the Advaita view This is followed by summaries of all the authentic Advaita works of these authors together with those of Suresvara and Padmapada as well as a number of other works which have been attributed to samkara Totaka and Hastamalaka This volume is divided into two parts and is enriched with an elaborate introduction discussing briefly the history of the school its theories of value language and relations and its metaphysics and epistemology Contents Preface Part one Introduction to the philosophy of advaita vedanta PART Two Summaries of Works Notes Index **Hermeneutics and Truth** Brice R. Wachterhauser,1994-07-06 The claim that all human thought involves interpretation that all human thought is in some way relative to a contingent context of cognitive theoretical practical and aesthetic considerations has become widely accepted but what we understand by truth and how we should best pursue it are questions raised with renewed force once a hermeneutical starting point has been embraced Brice R Wachterhauser s collection Hermeneutics and Truth is an attempt to contribute to this conversation No thinkers have wrestled with the issue of truth and interpretation in more illuminating ways for the Continental tradition of philosophy than Heidegger and Gadamer Hermeneutics and Truth is a dual focus on Heidegger and Gadamer but it concentrates primarily on Gadamer s efforts to think through the issue of truth for hermeneutics and only secondarily on Heidegger s thought on this issue **ON THE WISDOM OF CHINA** FU-CHUN PENG,2021-08-04 Truthfully and accurately this book attempts to elucidate the nature and forms of China s ancient wisdom and reinterpret its ideological significance thereby activating its inherent vitality and promoting the construction of contemporary Chinese thought The wisdom of China with its own discourse system gives unique stipulations to existence

thought and language Confucianism Taoism and Chan Buddhism as the historical manifestations of Chinese wisdom respectively express the thoughts between man and man between man and nature and between man and mind In fact these three aspects exactly constitute the whole of man s life world The thoughts of Confucianism Taoism and Chan Buddhism are mainly and respectively represented in The Four Books and Five Classics Lao Zi and Zhuang Zi and Tan Jing The Sutra of Hui Neng The wisdom of China different from the non natural wisdom of the West is fundamentally a natural wisdom according to which nature is the basis of human existence thought and language However in early modern times the natural history of China was confronted with an unprecedented crisis Ever since then China has entered the post natural era The coexistence of Heaven and man as the new wisdom of China can be created in the age of globalization through preserving the living elements and eliminating the dead parts in the traditional Chinese wisdom
