## **Working Research:**

**Contemporary Research on Sex Work** Jeffrey T. Parsons, 2005 For years the focus of sex work research has been on street based male and female sex workers and the HIV related risks they pose to their clients Contemporary Research on Sex Work moves beyond the basic association between sex work and unprotected sex to a fuller description of the varied facets of the industry while still pursuing a better understanding of HIV risk among those working the streets The diverse approaches in this unique book include targeted sampling qualitative and quantitative interviews ethnographic interviews with key informants using sex workers as recruiters and quasi experimental intervention designs

**Research Design in Social Work** Anne Campbell, Brian J. Taylor, Anne McGlade, 2016-10-18 Social work research often focuses on qualitative designs and many students believe that the quantitative research pathway is either too complicated or is beyond their grasp This book outlines how social work students can undertake a research project from either a qualitative quantitative or mixed methodological approach The authors introduce key concepts in an accessible and structured manner and go on to demonstrate each of the approaches from inception of research idea to realisation of methodological approach to research process to data analysis and conclusion More than just another research text this book remains grounded in social work practice and has clear links to the Professional Capabilities Framework for Social Work

**Journal of Personnel Research** ,1924 Includes section Book reviews

**Research in the Creative and Media Arts** Desmond Bell, 2019-04-01 In Research in the Creative and Media Arts Desmond Bell looks at contemporary art and design practice arguing that research activity is now a vital part of the creative dynamic Today creative arts and media students are expected to develop a range of research competencies and critical capacities in their creative project work This book plots the basis for a research culture in the creative and media arts It provides an illuminating genealogy of artistic research revealing the intimate connections between art and science over the centuries and identifying some of the founding figures of practice based artistic research Bell explores the research that artists undertake through a number of case studies talking to a range of contemporary artists and media makers about their work and the role research plays in this He also traces the dialogues between art practice and a range of other humanity disciplines such as history anthropology and critical theory His analysis reveals how contemporary art practice is now so locked into a set of interlocutions about process and purpose that it increasingly resembles a research practice in and of itself Research in the Creative and Media Arts is a comprehensive overview of the relationship between research and practice that is ideal for undergraduate and postgraduate students as well as researchers in the fields of art and design art history and visual culture
