Faculty Development in the Health Professions Yvonne Steinert,2014-01-31 This volume addresses all facets of faculty development including academic and career development teaching improvement research capacity building and leadership development In addition it describes a multitude of ways ranging from workshops to the workplace in which health professionals can develop their knowledge and skills By providing an informed and scholarly overview of faculty development and by describing original content that has not been previously published this book helps to ensure that research and evidence inform practice moves the scholarly agenda forward and promotes dialogue and debate in this evolving field It will prove an invaluable resource for faculty development program

planning implementation and evaluation and will help to sustain faculty members vitality and commitment to excellence Kelley M Skeff M D Ph D May 2013 In this text Steinert and her colleagues have provided a significant contribution to the future of faculty development In an academic and comprehensive way the authors have both documented past efforts in faculty development as well as provided guidance and stimuli for the future The scholarly and well referenced chapters provide a compendium of methods previously used while emphasizing the expanding areas deserving work Moreover the writers consistently elucidate the faculty development process by highlighting the theoretical underpinnings of faculty development and the research conducted Thus the book provides an important resource for two major groups current providers and researchers in faculty development as well as those desiring to enter the field Both groups of readers can benefit from a reading of the entire book or by delving into their major area of interest and passion In so doing they will better understand our successes and our limitations in this emerging field Faculty development in the health professions has now received attention for 6 decades Yet dedicated faculty members trying to address the challenges in medical education and the health care delivery system do not have all the assistance they need to achieve their goals This book provides a valuable resource towards that end

How Chinese Teach Mathematics and Improve Teaching Yeping Li,Rongjin Huang,2013 How Chinese Teach Mathematics and Improve Teaching builds upon existing studies to examine mathematics classroom instruction in China It combines contributions from Chinese scholars with commentary from key Western scholars to offer a truly systematic examination of some important and distinctive features of mathematics classroom instruction Viewing classroom instruction as part of teachers instructional practices this book goes beyond teachers in classroom instructional practice by also examining Chinese teachers approaches and practices in developing and improving teaching Through this unique approach How Chinese Teach Mathematics and Improve Teaching expands and unpacks the otherwise fragmented knowledge about Chinese practices in developing and carrying out mathematics classroom instruction

Virtual Team Success Richard Lepsinger,Darleen DeRosa,2010-09-09 In today s complex organizations it is not uncommon to have as many as 50 percent of employees working on virtual teams As the virtual revolution continues to spread how can companies ensure that virtual team collaboration is producing the desired results Highly practical and easy to navigate Virtual Team Success leverages the authors robust global research study and hands on experience to provide an immediately usable resource for virtual team members and team leaders This groundbreaking book is a hands on practical toolkit filled with down to earth examples and insights that can enhance the virtual team experience for everyone involved The authors research study is one of the most comprehensive applied studies ever conducted on virtual teams and all of the recommendations outlined are based on these findings as well as the authors years of experience helping virtual teams and virtual team leaders effectively lead and collaborate from a distance To help organizations and leaders enhance virtual team performance the book includes Why Virtual Teams Fail outlines the four pitfalls that frequently derail virtual teams Profile of
