freedom **Radical Revelation** Balázs M. Mezei, 2017-11-30 This volume offers a practical and innovative interpretation of
divine revelation from a philosophical theological perspective Balázs M Mezei outlines the most important presuppositions of
our notion of divine revelation in a historic and semantic setting as well as elaborating upon the methodology of model
analysis He then introduces and analyses the notion of self-revelation as the most important modern understanding of divine
revelation and presents the notion of apocalyptic personhood as a corollary of radical personhood which is further developed
into apocalyptic phenomenology Mezei further examines the remarkable development of some of the most important notions
in the history of Christianity along with the homogenous infrastructure of these notions in the very essence of the religion the
doctrine of Trinity Covering aspects of revelation from semantics to historical and cognitive origins and engaging with a wide
variety of texts including Augustine Thomas Aquinas and Joseph Ratzinger Mezei makes a strong and clear statement when
explaining what the radical revelation is how it can be understood and its overall importance A Philosophy of Freedom
Lars Svendsen, 2014-10-15 Freedom of speech religion choice will humans have fought and continue to fight for all of these
But what is human freedom really Taking a broad approach across metaphysics politics and ethics Lars Svendsen explores
this question in his engaging book while also looking at the threats freedom faces today Though our behaviors thoughts and
actions are restricted by social and legal rules deadlines and burdens Svendsen argues that the fundamental requirement for
living a human life is the ability to be free A Philosophy of Freedom questions how we can successfully create meaningful
lives when we are estranged from the very concept of freedom Svendsen tackles such issues as the nature of free agency and
the possibility of freedom in a universe governed by natural laws He concludes that the true definition of personal freedom is
first and foremost the liberty to devote yourself to what really matters to you to realize the true value of the life you are living
Drawing on the fascinating debates around the possibility of freedom and its limits within society this comprehensive

investigation provides an accessible and insightful overview that will appeal to academics and general readers alike

Freedom Through Disobedience Chitta Ranjan Das,1922 The following is the full text of the Presidential Address of Desabhandhu C R Das at the thirty seventh session of the Indian National Congress held at Gaya on 26th December 1922 Sisters and Brothers As I stand before you to day a sense of overwhelming loss overtakes me and I can scarce give expression to what is uppermost in the minds of all and everyone of us After a memorable battle which he gave to the Bureaucracy Mahatma Gandhi has been seized and cast into prison and we shall not have his guidance in the proceedings of the Congress this year But there is inspiration for all of us in the last stand which he made in the citadel of the enemy in the last defiance which he hurled at the agents of the Bureaucracy To read a story equal in pathos in dignity and in sublimity you have to go back over two thousand years when Jesus of Nazareth as one that perverted the people stood to take his trial before a foreign tribunal And Jesus stood before the Governor and the Governor asked him saying Art thou the king of the Jews And Jesus said unto him Thou say st The Way of Freedom, Conversations with Salvadore Poe Salvadore Poe,2024-03-07 In this follow up to Liberation IS The End of the Spiritual Path Salvadore speaks with people he has worked with intensively over the last several years to clear up any remaining questions and doubts Liberations IS helped people recognize their free essential being This book will help make that recognition doubtless As Salvadore points out There is no way of freedom that is truer more resolving more immediate more absolute and more doubtless than the way of freedom itself The way of freedom is to know truth and be free now The way to resolve doubt is to know doubtless freedom now The way affliction is resolved is to know what is free of affliction now Knowing the truth of your essential nature and being that truth is the goal and it is the way It is the goal in that you come to know your essential being now This is called Jnana And it is the way in that by living free in devotion to truth all doubt is resolved That is called Bhakti For those who have a clear recognition of their free essential being the most direct teaching is simply Be free now **Continent** ,1914 Freedom Inc.: Gendered Capitalism in New Indian Literature and Culture Mukti Lakhi Mangharam,2023-06-15 While globalization is often credited with the eradication of traditional constraints tied to gender and caste in reality the opening up of the Indian economy in the 1990s has led to a decline in freedom for many female Dalit and lower class Indians This book explores the contraction of what it means to be free in post liberalization India examining how global capitalism has exacerbated existing inequalities based on traditional femininities and masculinities while also creating new hierarchies Freedom Inc argues that post 1990s literature and culture frequently represents and reinforces the equation of free market capitalism with individual freedom within the new idea of India However many texts often also challenge this logic by pointing to more expansive horizons of autonomy for the gendered self Through readings of texts as diverse as Dalit women s life writing pop fiction realist novels self help regional film and Netflix TV shows Mangharam investigates how notions like free trade entrepreneurship and self help are experienced embodied and challenged by disadvantaged peoples and by women differently than men In the process Freedom

Inc explores how different literary forms illuminate alternative and buried pathways to fuller freedoms **The Japan Chronicle** ,1917 Other Dreams of Freedom Yvonne C. Zimmerman,2013 Yvonne C Zimmerman offers a groundbreaking exploration of the relationship between freedom and sexual regulation in American approaches to human trafficking

Problematizing Religious Freedom Arvind Sharma,2011-08-08 The concept of religious freedom is the favoured modern human rights concept with which the modern world hopes to tackle the phenomenon of religious pluralism as our modern existence in an electronically shrinking globe comes to be increasingly characterised by this phenomenon To begin with the concept of religious freedom as embodied in Article 18 of the Universal Declaration of Human Rights seems self evident in nature It is the claim of this book however that although emblematic on the one hand the concept is also problematic on the other and the implications of the concept of religious freedom are far from self evident despite the ready acceptance the term receives as embodying a worthwhile goal This book therefore problematizes the concept along legal constitutional ethical and theological lines and especially from the perspective of religious studies so that religious freedom in the world could be enlarged in a way which promotes human flourishing
