Nobody believed Boss Creed at first. But he had to be telling the truth because he was the head squirrel. Still, what he was suggesting seemed impossible. Sure, there had been other squirrels who had traveled from one territory to another. But now he was going to send the fittest squirrels in *Squirrel World*: five small groups of hand-picked, chosen squirrels to the farthest corners of the country to solve the great five mysteries. So, using a map from an old almanac as a guide, the teams set out on the adventure of a lifetime. They would investigate the Florida aKeys, the Long Island aSound, a Little Big aHorn, the corn aBelta, and finally Holly aWood. After surviving chaos and calamity, the teams of explorers finally return home, each leaving *Boss Creed and Squirrel World* splitting in laughter as they present their misguided, misunderstood explanations of the five mysteries. Patch says that one of the squirrels he talks to every day told him the tale of *Squirrel World*. But we may never know. Can you really believe a guy who talks to squirrels anyway?
