

A photograph of a sunset over the ocean. The sky is a gradient of orange and yellow, transitioning into a darker blue over the water. The waves are visible in the foreground, creating a textured surface. The quote is centered in the upper half of the image.

A defeat to a brave man
is only a victory deferred.

Victory Deferred:

Victory Deferred John-Manuel Andriote, 1999-06 John Manuel Andriote chronicles the impact of the disease from the coming out revelry of the 1970s to the post AIDS gay community of the 1990s showing how it has changed both individual lives and national organizations He tells the truly remarkable story of how a health crisis pushed a disjointed jumble of local activists to become a nationally visible and politically powerful civil rights movement a full fledged minority group challenging the authority of some of the nations most powerful institutions Based on hundreds of interviews with those at the forefront of the medical political and cultural responses to the disease Victory Deferred blends personal narratives with institutional histories and organizational politics to show how AIDS forced gay men from their closets and ghettos into the hallways of power to lobby and into the streets to protest

Forging Gay Identities Elizabeth A. Armstrong, 2002-12-15 Unlike many social movements the gay and lesbian struggle for visibility and rights has succeeded in combining a unified group identity with the celebration of individual differences Forging Gay Identities explores how this happened tracing the evolution of gay life and organizations in San Francisco from the 1950s to the mid 1990s

Stonewall Strong John-Manuel Andriote, 2017-10-20 Longtime Washington D C health journalist John Manuel Andriote didn't expect to mark the twenty fifth year of the HIV AIDS epidemic in 2006 by coming out in the Washington Post about his own recent HIV diagnosis For twenty years he had reported on the epidemic as an HIV negative gay man as AIDS killed many of his friends and roused gay Americans to action against a government that preferred to ignore their existence Eight little words from his doctor I have bad news on the HIV test turned Andriote's world upside down Over time Andriote came to understand that his choice each and every day to take the powerful medication he needs to stay healthy to stay alive came from his own resilience When and how had he become resilient He searched his journals for answers in his own life story The reporter then set out to learn more about resilience Stonewall Strong is the result Drawing from leading edge research and nearly one hundred original interviews the book makes it abundantly clear most gay men are astonishingly resilient Andriote deftly weaves together research data and lived experience to show that supporting gay men's resilience is the key to helping them avoid the snares that await too many who lack the emotional tools they need to face the traumas that disproportionately afflict gay men including childhood sexual abuse substance abuse risky sexual behavior depression and suicide Andriote writes with searing honesty about the choices and forces that brought him to his own before and after moment teasing out what he learned along the way about resilience surviving and thriving He frames pivotal moments in recent history as manifestations of gay men's resilience from the years of secrecy and subversion before the 1969 Stonewall riots through the coming of age heartbreak and politically emboldening AIDS years and pushing onward to legal marriage equality Andriote gives us an inside look at family relationships that support resilient sons the nation's largest organizations efforts to build on the resilience of marginalized LGBTQ youth drag houses and community centers We go inside individuals hearts and groups missions to see a

community that works plays and even prays together Finally Andriote presents the inspiring stories of gay men who have moved beyond the traumas and stereotypes claiming their resilience and right to good health and working to build a community that will be Stonewall Strong
