The Way Things Go Aaron Jaffe,2014-12-24 Buffed up to a metallic shine loose fitting lopsided or kludgy getting in the way or getting lost collapsing in an explosion of dust caught on the warehouse CCTV Modern things are going their own ways and this book attempts to follow them A course of thought about their comings and goings and cascading side effects The Way Things Go offers a thesis demonstrated via a century long countdown of stuff Modernist critical theory and aesthetic method it argues are bound up with the inhuman fate of things as novelty becoming waste Things are seldom at rest Far more often they are going their own ways entering and exiting our zones of attention interest and affection Aaron Jaffe is concerned less with a humanist story of such things offering anthropomorphizing narratives about recouping the items we use as he is with the seemingly inscrutable inhuman capacities of things for coarticulation and coherence He examines the tension between this inscrutability on the one hand and the ways things seem ready made for understanding on the other hand by means of exposition thing and word play conceptual art essayism autopoiesis and prop comedy Among other novelties and detritus The Way Things Go delves into books can openers roller skates fat felt soap joy buzzers hobbyhorses felt erasers sleds magic rabbits and urinals But it stands apart from the recent flood of thing talk rebuking the romantic tendencies caught up in the pathetic nature of debris defining the conversation Jaffe demonstrates that literary criticism is the one mode of analysis that can unpack the many things that at first glance seem so nonliterary
