Supporting Effective Learning

Eileen Carnell, Caroline Lodge

Supporting Effective Learning:

Learning about Learning Eileen Carnell, Caroline Lodge, Patsy Wagner, Chris Watkins, Caroline Whalley, 2005-07-05 This pack contains activities and ideas for teachers and students to learn more about learning It looks at the practical ways of teaching important and neglected theories of learning

Understanding Effective Learning Des Hewitt, 2008-05-16 Within education concepts such as learning styles learning strategies and independent learning are often cited as important areas for development in schools DFES 1998 2001 but these are rarely satisfactorily defined It is essential for teachers to develop a detailed understanding of learning across the curriculum as well as appropriate strategies if children are to learn effectively This book explores these important concepts by examining learning in a range of classroom settings and drawing on evidence from teachers and pupils through interviews and observations The focus is two fold to understand learning in the classroom and to develop practices which will support learning Topics explored include Models of learning Learning strategies and the teacher Learning strategies and the learner Assessment for Learning The social dimension of children s learning The book provides a rich mixture of examples reflection points case studies and strategies for the classroom to provide the reader with a wide range of ideas to encourage more effective learning in their classroom **Understanding Effective Learning** is key reading for student beginning and early career teachers in primary education

Supporting Effective Learning Eileen Carnell, 2002 This teacher friendly book focuses on learning at all levels in secondary schools dealing with how young people learn and how the adults in their lives can promote their learning

Supporting Effective Learning Eileen Carnell, Caroline Lodge, 2002-01-04 This teacher friendly book focuses on how secondary students learn and how those in different roles in schools can promote their learning

Supporting Effective Learning Eileen Carnell, 2002

Building Effective Learning Environments Kevin S. Krahenbuhl, 2021-04-29 Teachers are bombarded with trends and competing ideas This book provides a framework to help you find the right balance between new and old instructional practices so you can design learning environments that truly enhance learning The author shares key research based principles to engage and extend learning and he debunks common myths He then shows how to use a classical method and how to engage with new ideas and evidence to create a highly effective learning environment Each chapter offers reflection and application questions you can use independently or in book studies to get the most out of your reading Written for teachers of any grade level the book contains applications and examples across content areas so you can see how to implement the ideas in your own classroom or school

Supporting E-learning Maxine Melling, 2005 E learning is becoming commonplace in academic institutions To date ite learning has been used as an alternative medium in the delivery of established content however it is also becoming a vehicle for much wider ranging developments including a change in the relationship between teachers and those responsible for learner support Increasingly library and information services are directly involved in the development of e content and in delivering services to support e learning Thus it is affecting all aspects of library service provision in

education quality services in an e learning environment It will help managers understand e learning and more importantly help them exploit the full potential of this new area for their service Contributions from leading managers and practitioners address the range of operational issues that managers should consider in supporting e learning and provide case studies in order to demonstrate how the theory can be translated into practice services involved with policy and service development issues from senior to team managers It will also be insightful for new professionals and students

Supporting Effective Interaction with Tabletop Groupware Meredith June Morris,2006

Whose Learning? Kate Bullock,Felicity Wikeley,2004-08 Whose Learning explores the increasingly popular practice of academic and personal tutoring and addresses three fundamental strands of the learning process and their complex inter relationships knowing what to learn knowing how to learn and knowing yourself as a learner

Towards Successful Learning Diana Pardoe,2005 What is successful learning What do successful learners do What do they need How can we make successful learning happen Learning is a complex process This book takes the separate pieces of the learning puzzle one by one and puts them together to create the bigger picture It introduces a unique model that will support and guide the development of effective learning for all pupils The emphasis is on engaging both teachers and learners in exploring the factors that influence learning success Di Pardoe draws upon extensive classroom experience and research to provide an array of practical strategies that will deepen pupils and teachers understanding of the key principles of learning through shared pupil teacher conversations using a common language the active involvement of the learner The book and CD provide detailed case studies clear examples of strategies in action specially designed templates and proformas lots of printable resources The case study material has a particular emphasis upon the Foundation Stage and Key Stages 1 and 2 the key elements of the model apply across all age groups A helpful resource for Assessment for Learning
