**Stonehenge Decoded** Gerald Hawkins,1961 **Now is the Dawning of the Time of the End** Simon Richard Lee,2019-02-06 This book starts off in an astonishing way by developing a completely new scientific View of Faith which almost immediately actually yields in full the BASIS OF THE SECRET OF LIFE The rest of this science is radically different to anything known to date for it attempts to always be THE TRUTH AND NOTHING ELSE Parts Two and Three of the book apply the above Science of Faith to a very complete largely radically new interpretation of the only two truly prophetic books i the Christian bible Revelation and Daniel

Scientific Proof that God Exists Simon Richard Lee,2019-01-11 This book is an attempt at a radically different approach to the subject of its title summarising the subject of Scientific Proof that God Exists from an unusual viewpoint with plenty of very surprising material It has been largely superseded by my complete rewrite Now is the Dawning of the Time of the End

**THE Revolution AND The Age of AQUARIUS started New Year's Day 2019** Simon Richard Lee,2019-02-06 This book is in three distinct parts 1 discussion of the worst laws in the entire world for zero patients s rights the UK Mental Health Acts and their sole author apart from Margaret Thatcher Queen Elizabeth II who brought them in as two solo Nazi Occult Witches when the Upper House The Lords completely refused 2 Manifesto Abolish All Money 3 A Many Threaded Tapestry my spiritual poetry and songs dating back to the end of the 20th century before I got TOO depressed to write any more

**The Tender Years** Queenie Tarquin Saunders aka Simon Richard Lee,2019-05-08 The Tender Years is my autobiography a true and honest account of my life from birth to the present day It takes in what for many are taboo subjects childhood sexual abuse self harm in various measures and psychiatric care today as we leave the 20th Century My own psychiatric care takes in the hub of the System the receiving end of in patient and out patient or client services which is still much in need of improvement I try to describe the many mistakes that may be made in this hit and miss side of medicine The book embraces a host of emotional feelings captured in a format that adults should find inspirational to read One of the key reasons for writing the book is that it hints of the physical as well as the emotional scars Hopefully my later years will successively become less tender from these In offering a light at the end of the tunnel if QT Saunders got through a tough life and is still standing anyone can and against all the odds
