Swifts Classical Rhetoric:

Swift's Classical Rhetoric Charles Allen Beaumont,1961 **Swift's Classical Rhetoric** Charles Allen Beaumont,2012-05-01 The Function of Classical Rhetoric in Swift's Major Ironical Essays Charles Allen Beaumont,1958

The function of classical rhetoric in Swift's major ironical essays Charles A. Beaumont,1979 **Landmark Essays on Rhetoric and Literature** Craig Kallendorf,2017-10-03 The studies of rhetoric and literature have been closely connected on the theoretical level ever since antiquity and many great works of literature were written by men and women who were well versed in rhetoric It is therefore well worth investigating exactly what these writers knew about rhetoric and how the practice of literary criticism has been enriched through rhetorical knowledge The essays reprinted here have been arranged chronologically with two essays selected for each of six major periods Antiquity the Middle Ages the Renaissance including Shakespeare the 17th century the 18th century and the 19th and 20th centuries Some are more theoretically oriented whereas others become exercises in practical criticism Some cover well trod ground whereas others turn to parts of the rhetorical tradition that are often overlooked Scholars in the field should benefit from having this material collected together and reprinted in one volume but the essays included here will also be useful to graduate students and advanced undergraduates for course work and general reading Students of rhetoric seeking to understand how the principles of their field extend into other forms of communication will find this volume of interest as will students of literature seeking to refine their understanding of the various modes of literary criticism **The New Cambridge Bibliography of English**

Literature: Volume 2, 1660-1800 George Watson,Ian R. Willison,1971-07-02 More than fifty specialists have contributed to this new edition of volume 2 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries

The Battle of the Books Joseph M. Levine,2018-07-05 Joseph M Levine provides a witty and erudite account of one of the most celebrated chapters in English cultural history the acrimonious quarrel between the ancients and the moderns which Jonathan Swift dubbed the Battle of the Books The dispute that amused and excited the English world of letters from 1690 until the 1730s was Levine shows an installment in the long standing debate about the relationship of classical learning to modern life Levine argues that the debate was fundamentally a quarrel about the rival claims of history and literature concerning the proper way to understand the authors of the past He skillfully examines how both sides wrote their own brands of history The moderns led by Richard Bentley proposed that the modern inventions of classical scholarship and archaeology gave them a superior insight into the past the ancients marshaled by Jonathan Swift and Alexander Pope

held out for a more direct imitation of antiquity and opposed the new scholarship with all the force of their satire and invective Levine demonstrates that the ancients and the moderns influenced each other in powerful ways and had much more in common than they knew Chronicling a critical episode in the development of modern scholarship *The Battle of the Books* illuminates the roots of present day controversies about the role of the classics in the curriculum and the place of the humanities in education *The Relationship of Classical Rhetoric to Irony in Two Speeches from Johnathan Swift's Gullivers Travels* Joan A. Beutler, 1966 ***The Battle of the Books, and other Short Pieces*** Jonathan Swift, 2022-08-10 Jonathan Swift's *The Battle of the Books and other Short Pieces* delves into the heart of the intellectual debates of the late 17th and early 18th centuries with its anchoring piece *The Battle of the Books* This allegory cleverly caricatures the ongoing conflict of ideas between the advocates of the ancient texts hailed for their proven wisdom and the supporters of the burgeoning modern scholarship Beyond the titular satire the collection presents a rich intermingling of Swift's eloquent poetry and poignant aphorisms which illuminate the intimate and lesser known aspects of the writer's life The stylistic finesse displayed across the pieces is a probing testament to Swift's grasp of literary classicism and his innovative approach to the prose and poetry of his time Swift renowned for his piercing wit and incisive social commentary as exhibited in works like *Gulliver's Travels* directs his literary prowess in *The Battle of the Books and other Short Pieces* towards the exploration of personal and philosophical themes The book reflects the ideological turmoil and the changing literary landscape that Swift inhabited showcasing his versatility as a writer and his acumen for navigating the complex interplay of emotion intellect and expression This collection is an essential read for those interested in the evolution of satire and the early enlightenment's literary discourse Swift extends an invitation to witness a pivotal moment in literary history where the reverence for the ancients is both celebrated and challenged His poignant poetry filled with personal reflection affords the reader a unique glimpse into the mind of one of the English language's most formidable figures Recommended for literature enthusiasts scholars of the Augustan age and anyone seeking a deeper understanding of the perpetual motion of human thought and its legacy in writing

Swift's Vision of Evil: A tale of a tub Philip Pinkus, 1975 *Jonathan Swift and the Vested Word* Deborah Baker Wyrick, 1988 In *Jonathan Swift and the Vested Word* Deborah Wyrick argues that modern Continental and American literary theory is tantalizingly applicable to Swiftian texts Its applicability she writes stems from Swift's interest in and exploration of what are now thought of as phenomenological structuralist poststructuralist and new historicist concerns how a life in language comes into being how semiotic systems determine meaning how texts open up their own systems to other texts and to multiple interpretations Wyrick investigates Swift's confrontations with three theories of language current in his day theories that locate meaning in the thing named in the idea behind the word or in the response of the audience She concludes that Swift fashioned a fourth theory of meaning one that locates meaning in and among words themselves Because of his fear of the anarchic potential of language Swift attempted to invest his words with extratextual authority yet a powerful

counterforce was his desire to exploit the possibilities of language divested of stable significance. These divestitures, particularly the word play and language games, ultimately served serious personal and social purposes. A crucial personal purpose was Swift's ability to create a textual self which he did Wyrick maintains by constructing defensive transvestitures centered on clothes and money. These parallel sign systems produced Swift's greatest achievement in using the resources of language and history to effect political action. By using the entire Swift canon poems and prose narratives, letters and essays, sermons and satires, Wyrick presents Swift's struggle with the inadequacies of language and its inability to answer the tremendous demands he made upon it. Originally published 1988, A UNC Press Enduring Edition, UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print. These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value.
