**Wolfgang Guggemos**

## Swords Edge:

**Japanese Swords** Colin M. Roach, 2014-08-19 With over 300 stunning photographs and woodblock prints along with extensive historical and cultural commentary Japanese Swords is the ultimate authority on Samurai weaponry Historically Japanese warriors considered their swords to be far greater than simple weaponry Their swords were both lethal tools and divine companions social and religious icons Traditionally worn by the samurai as a sign of social status the Japanese sword represented the junction between the reigning military class and those whom they ruled Moreover the samurai sword was a technological and artistic marvel Many scholars consider it to be the finest sword ever constructed In terms of symbolism and historical importance no other blade comes close to the Japanese sword With a historical iconographical and technological perspective author Cohn M Roach provides an in depth study of these magnificent weapons in Japanese Swords This richly illustrated sword book weaves the blade s primary influences together tracking its history and illuminating its progress from infancy to grandeur By studying the evolution of the Japanese sword from this perspective we better understand Japan and its warrior archetype Combining research materials from multiple disciplines Roach uses his expertise as an educator to guide readers through the sword s rise to greatness in a unique way This book discusses the history development and spiritual symbolism of the sword as well as the esoteric metallurgical techniques used in making it It also covers the difficult training practices used by skilled swordsmen Japanese Swords also includes a companion video content featuring a beautifully filmed documentary that explores the traditional swordmaker s craft The video content also contains an introduction to the Japanese sword at a sword shop in Kyoto and a visit to a dojo for a beginner s class in the medieval sword drawing art called iaido

**Infantry Sword Exercise** ,1875    **The Encyclopaedic Dictionary** ,1896    *The Encyclopædic Dictionary* Robert Hunter,1883    **A New System of Sword Exercise** Matthew J. O'Rourke,1872    **White Sword Trilogy** Mitch,2021-07-15 Will is a young man helping his father He searches for the wood to make the bows and arrows in their shop He has secretly made a special bow to hunt the giant armored boars that sometimes kill livestock and people Hoping to get the beautiful Ann to take notice One day he returns to find his village burning and the people slaughtered by giants in full armor riding huge horses also in armor The men women and children are all dead The giants took only the women of childbearing age Will manages to save Tema and they set out to rescue Ann Tema s older sister This is the beginning of a fascinating journey through a land of mountains rivers valleys and seas Will and Tema encounter together and singly peoples and creatures of many types and dispositions They make fast friends many enemies and loyal subjects
