Tax Target Washington:

Tax Target, Washington Gary Allen,1978 *Tax Target* Gary Allen,1979-02-01 Tax Crusaders and the Politics of Direct Democracy Daniel A. Smith,2013-11-15 Daniel A Smith exposes the truth about the American tax revolt Contrary to conventional wisdom recent ballot initiatives to limit state taxes have not been the result of a groundswell of public outrage rather they have been carefully orchestrated from the top down by professional tax crusaders political entrepreneurs with their own mission These faux populist initiatives in contrast to genuine grassroots movements involve minimal citizen participation Instead the tax crusaders hire public relations firms and use special interest groups to do the legwork and influence public opinion Although they successfully tap into the pervasive anti tax public mood by using populist rhetoric these organizations serve corporate interests rather than groups of concerned neighbors The author shows that direct democracy can ironically lead to diminished public involvement in government Smith looks at the key players following the trail of money and power in three important initiatives Proposition 13 in California 1978 Proposition 2 1 2 in Massachusetts 1980 and Amendment 1 in Colorado 1992 He provides a thorough history of tax limitation movements in America showing how direct democracy can be manipulated to subvert the democratic process and frustrate the public good Tax Management Washington Tax Review ,1987 **American Opinion** ,1985 *The National Public Accountant* ,1980
