Teachers Of The Inner Chambers:

Teachers of the Inner Chambers Dorothy Ko,1994 This pathbreaking work argues that literate gentry women in 17th century Jiangnan far from being oppressed or silenced created a rich culture and meaningful existence within the constraints of the Confucian system Momentous socioeconomic and intellectual changes in 17th century Jiangnan provided the stimulus for the flowering of women s culture The most salient of these changes included a flourishing of commercial publishing the rise of a reading public a new emphasis on emotions the promotion of women s education and more generally the emergence of new definitions of womanhood The author reconstructs the social emotional and intellectual worlds of 17th century women and in doing so provides a new way to conceptualize China s past one offering a more realistic and complete understanding of the values of Chinese culture and the functioning of Chinese society *Teachers of the Inner Chambers* Dorothy Ko,2022

Teachers of the Inner Chambers Dorothy Ko,1994 Women in Imperial China Bret Hinsch,2016-09-22 This accessible text offers a comprehensive survey of women s history in China from the Neolithic period through the end of the Qing dynasty in the early twentieth century Rather than providing an exhaustive chronicle of this vast subject Bret Hinsch pinpoints the themes that characterized distinct periods in Chinese women s history and delves into the perception of female identity in each era Moving beyond the traditional focus on the late imperial era Hinsch explores how gender relations have developed and changed since ancient times His chronological look at the most important female roles in every major dynasty showcases not only the constraints women faced but also their vast accomplishments throughout the millennia Hinsch s extensive use of Chinese language scholarship lends his book a fresh perspective rare among Western scholars Professors and students will find this an invaluable textbook for Chinese women s studies and an excellent supplement for courses in gender studies and Chinese history *The Libertine's Friend* Giovanni Vitiello,2011-07-15 Delving into three hundred years of Chinese literature from the mid sixteenth century to the mid nineteenth *The Libertine s Friend* uncovers the complex and fascinating history of male homosexual and homosocial relations in the late imperial era Drawing particularly on overlooked works of pornographic fiction Giovanni Vitiello offers a frank exploration of the importance of same sex love and eroticism to the evolution of masculinity in China Vitiello s story unfolds chronologically beginning with the earliest sources on homoeroticism in pre imperial China and concluding with a look at developments in the twentieth century Along the way he identifies a number of recurring characters for example the libertine scholar the chivalric hero and the lustful monk and sheds light on a set of key issues including the social and legal boundaries that regulated sex between men the rise of male prostitution and the aesthetics of male beauty Drawing on this trove of material Vitiello presents a historical outline of changing notions of male homosexuality in China revealing the integral part that same sex desire has played in its culture

Different Worlds of Discourse Nanxiu Qian,Grace S. Fong,Richard Joseph Smith,2008 During the late Qing reform era 1895 1912 women for the first time in Chinese history emerged in public space in collective groups They assumed new social

and educational roles and engaged in intense debates about the place of women in China's present and future. These debates found expression in new media including periodicals and pictorials which not only harnessed the power of existing cultural forms but also encouraged experimentation with a variety of new literary genres and styles, works increasingly produced by and for Chinese women. *Different Worlds of Discourse* explores the reform period from three interrelated and comparatively neglected perspectives: the construction of gender roles, the development of literary genres, and the emergence of new forms of print media.

The Red Brush Wilt L. Idema, Beata Grant, 2020-03-23 One of the most exciting recent developments in the study of Chinese literature has been the rediscovery of an extremely rich and diverse tradition of women's writing of the imperial period (221 B.C.E. - 1911 C.E.). Many of these writings are of considerable literary quality. Others provide us with moving insights into the lives and feelings of a surprisingly diverse group of women living in Confucian China, a society that perhaps more than any other is known for its patriarchal tradition. Because of the burgeoning interest in the study of both premodern and modern women in China, several scholarly books, articles, and even anthologies of women's poetry have been published in the last two decades. This anthology differs from previous works by offering a glimpse of women's writings not only in poetry but in other genres as well, including essays and letters, drama, religious writing, and narrative fiction. The authors have presented the selections within their respective biographical and historical contexts. This comprehensive approach helps to clarify traditional Chinese ideas on the nature and function of literature as well as on the role of the woman writer.
