Business Man Edgar Allan Poe, 2017-04 The Business Man is a short story by Edgar Allan Poe about a businessman boasting of his accomplishments The story questions the concept of a self made man This short story written by Poe looks through the perspective of a businessman The narrator of this story Peter Proffit considers himself an upstanding businessman who is a stickler for order He curses intellectual types whom he calls geniuses because he believes that they are wasting their time in their respective fields He holds them in great disdain because they never want to follow rules blindly and instead analyze things and read into rules too deeply It is for these reasons that the narrator believes that they cannot be turned into businessmen Social Responsibilities of the Businessman Howard R. Bowen, 2013-12-01 Corporate social responsibility CSR expresses a fundamental morality in the way a company behaves toward society It follows ethical behavior toward stakeholders and recognizes the spirit of the legal and regulatory environment The idea of CSR gained momentum in the late 1950s and 1960s with the expansion of large conglomerate corporations and became a popular subject in the 1980s with R Edward Freeman s Strategic Management A Stakeholder Approach and the many key works of Archie B Carroll Peter F Drucker and others In the wake of the financial crisis of 2008 2010 CSR has again become a focus for evaluating corporate behavior First published in 1953 Howard R Bowen s Social Responsibilities of the Businessman was the first comprehensive discussion of business ethics and social responsibility It created a foundation by which business executives and academics could consider the subjects as part of strategic planning and managerial decision making Though written in another era it is regularly and increasingly cited because of its relevance to the current ethical issues of business operations in the United States Many experts believe it to be the seminal book on corporate social responsibility This new edition of the book includes an introduction by Jean Pascal Gond Professor of Corporate Social Responsibility at Cass Business School City University of London and a foreword by Peter Geoffrey Bowen Daniels College of Business University of Denver who is Howard R Bowen s eldest son **The American Lawyer, and Business-man's Form Book** Delos White Beadle, 1852 *Being a Businessman* Abit Gülistan, 2024-01-16 Every person who opens his own business presents himself as a businessman As a matter of fact on the internet and in dictionaries a businessman is defined as any entrepreneur who runs his own business However this definition does not reflect the important differences between businessmen and tradesmen The main difference between a businessman and a tradesman is based on the differences in knowledge ability attitude and behavior The businessman sees his business as a means of earning However this profit is not limited to income from the sales of the business The businessman uses the cash flow generated by his business to make new investments grow and increase profitability The businessman has the necessary knowledge and skills to manage his business He has knowledge on subjects
