The Liberal Mind:

The Liberal Mind Lyle H. Rossiter,2006 Why do modern liberals think and act as they do The radical left s politics and its destructive effects on our basic freedoms have provoked many to specualte on what makes these people tick The Liberal Mind answers the quetion This book is the first systematic analysis of the political madness that now threatens to destroy the West s greatest achievement the American dream of civilized liberty Back cover   **The Liberal Mind** Lyle Rossiter, Jr.,Jr. Rossiter,2011-10 Why do modern liberals think and act as they do The radical left s politics and its destructive effects on our basic freedoms have provoked many to specualte on what makes these people tick The Liberal Mind answers the quetion This book is the first systematic analysis of the political madness that now threatens to destroy the West s greatest achievement the American dream of civilized liberty Back cover   **The Closing of the Liberal Mind** Kim R. Holmes,2016-04-12 A former U S Assistant Secretary of State and currently a Distinguished Fellow at the Heritage Foundation Kim R Holmes surveys the state of liberalism in America today and finds that it is becoming its opposite illiberalism abandoning the precepts of open mindedness and respect for individual rights liberties and the rule of law upon which the country was founded and becoming instead an intolerant rigidly dogmatic ideology that abhors dissent and stifles free speech Tracing the new illiberalism historically to the radical Enlightenment a movement that rejected the classic liberal ideas of the moderate Enlightenment that were prominent in the American Founding Holmes argues that today s liberalism has forsaken its American roots incorporating instead the authoritarian anti clerical and anti capitalist prejudices of the radical and largely European Left The result is a closing of the American liberal mind Where once freedom of speech and expression were sacrosanct today liberalism employs speech codes trigger warnings boycotts and shaming rituals to stifle freedom of thought expression and action It is no longer appropriate to call it liberalism at all but illiberalism a set of ideas in politics government and popular culture that increasingly reflects authoritarian and even anti democratic values and which is devising new strategies of exclusiveness to eliminate certain ideas and people from the political process Although illiberalism has always been a temptation for American liberals lurking in the radical fringes of the Left it is today the dominant ideology of progressive liberal circles This makes it a new danger not only to the once venerable tradition of liberalism but to the American nation itself which needs a viable liberal tradition that pursues social and economic equality while respecting individual liberties   *The Liberal Mind 1914-29* Michael Bentley,2007-07-12 This study is an exercise in the history of political perception and opinion It broke new ground in considering the decline of Liberalism through the eyes of Liberals themselves By concentrating on what Liberal politicians said to one another and to their audience public and private a picture is built up of the frame of mind in which those responsible for guiding Liberalism faced a worsening world after 1914 The coming of the First World War was a critical element in forming that frame of mind and the frame of mind was itself critical in deciding the fate of Liberalism in the post war years What emerges from this study is the paradox that the Liberal

mind was the greatest single obstacle in the way of a Liberal revival   **The Liberal Mind [by] Kenneth R. Minogue** Kenneth R. Minogue,   **The Liberal Mind** Kenneth R. Minogue,2000 Kenneth Minogue offers a brilliant and provocative exploration of liberalism in the Western world today its roots and its influences its present state and its prospects in the new century The Liberal Mind limns the taxonomy of a way of thinking that constitutes the very consciousness of most people in most Western countries Kenneth Minogue is Emeritus Professor of Political Science at the University of London Please note This title is available as an ebook for purchase on Amazon Barnes and Noble and iTunes   **In Search of a Political Philosophy** W. J. Stankiewicz,2002-09-11 In Search of a Political Philosophy is an analysis of the three democratic isms conservatism liberalism and socialism and of the distinct nature of the all devouring ideology Marxist communism The author is concerned with the conscious and unconscious assumptions of the proponents and followers of each ideology and those of their theoreticians and critics   The later works, 1925 - 1953. 3. 1927 - 1928 : [essays, reviews, miscellany, and "Impressions of Soviet Russia"] John Dewey,2008   *The Middle Works, 1899-1924* John Dewey,1976   *Scribner's Monthly, an Illustrated Magazine for the People* ,1920   *The Book and the Right* Maynard Miller,2010-11 The Pilgrims journeyed toward the New World with a distinct purpose in mind They left behind a life dissatisfying to them and arrived with a vision of liberty and hope They held within themselves the seeds of a nation exceptional in all of history Their convictions paved the way for the colonists who would eventually give form and substance to a government based on the truth of the ages A unique nation a nation under God would arise and seize the God given right to live free offer opportunity and realize prosperity But contrary to the settlers and founders principles alien elements have arisen in recent years to challenge the American ideal and threaten the foundation of the republic Forces foreign to the Constitution are producing radical changes in our cultural and political life and one nation under God has become one nation under siege The Book and The Right examines those qualities that have made America exceptional but that are endangered at the present time and looks in detail at the causes that are putting her at serious risk It appraises her current direction and stresses the steps she must take to return to the course of her originally chosen destiny The Book and The Right addresses a subject long held taboo and goes to the heart of the issue for answers The author draws on historical theological psychological and political data to pursue the truth and call America back to her roots Maynard Miller holds degrees from Asbury College Southern Baptist Theological Seminary and the University of Kentucky He has been a psychotherapist administrator and college teacher in the mental health human service field A frequent speaker and writer he is a leader in national and international service projects His previous book is The Face in the Mirror   **The liberal mind,1914-29** M.
