**Minnesota's St. Croix River Valley and the Anoka Sandplain** Daniel S. Wovcha, We tend to take the landscape around us for granted believing that the land has looked smelled and sounded as it does now for as far back in time as we can imagine from the book Just 150 years after the first Euro American settlers moved into the region now known as the St Croix River Valley and Anoka Sandplain only small fragments of the native landscape remain For example only about 6 percent of the forests present 150 years ago are left and a mere 1 percent of the prairies remain Minnesota s St Croix River Valley and Anoka Sandplain offers a fascinating landscape history of this six county region in east central Minnesota including detailed descriptions of thirty nine varieties of native habitats that still exist there The region includes the counties of Anoka Chisago Isanti Ramsey Sherburne and Washington Much of the data presented in Minnesota s St Croix River Valley and Anoka Sandplain was recently gathered by the Minnesota County Biological Survey and is appearing in print for the first time All of the data is summarized and interpreted

**House documents** ,1889 **To the North Anna River** Gordon C. Rhea,2005-09-01 With To the North Anna River the third book in his outstanding five book series Gordon C Rhea continues his spectacular narrative of the initial campaign between Ulysses S Grant and Robert E Lee in the spring of 1864 May 13 through 25 a phase oddly ignored by historians was critical in the clash between the Army of the Potomac and the Army of Northern Virginia During those thirteen days an interlude bracketed by horrific battles that riveted the public s attention a game of guile and endurance between Grant and Lee escalated to a suspenseful draw on Virginia s North Anna River From the bloodstained fields of the Mule Shoe to the North Anna River with Meadow Bridge Myers Hill Harris Farm Jericho Mills Ox Ford and Doswell Farm in between grueling night marches desperate attacks and thundering cavalry charges became the norm for both Grant s and Lee s men But the real story of May 13 25 lay in the two generals efforts to outfox each other and Rhea charts their every step and misstep Realizing that his bludgeoning tactics at the Bloody Angle were ineffective Grant resorted to a fast paced assault on Lee s vulnerable points Lee outnumbered two to one abandoned the offensive and concentrated on anticipating Grant s maneuvers and shifting quickly enough to repel them

It was an amazingly equal match of wits that produced a gripping high stakes bout of warfare a test ultimately of improvisation for Lee and of perseverance for Grant
