Vi Hear Footsteps:

Evocations for Beginners Harry Eilenstein, 2021-04-29 Summoning spirits evocation does not have the best reputation as long as they are not called apparitions of Mary cult of the dead invocations of gods spiritualism or family constellations What is so scary about contact with spirits In dream journeys one also meets all kinds of spirits and poltergeists always come quite unmasked The problem is mainly the fear of death of the spirits of the dead This has not always been the case close contact with the dead was first demonized by the Christian missionaries They put the one God Father in place of the deceased physical father of every human being and formed the devil from the archetype of the ancestor spirit There is hardly an early culture in which spirits were not conjured up Examples of this can be found in the Neolithic Age in Egypt Sumer among the Hittites the Romans in Africa in the Old and New Testaments among the Germanic peoples the Celts in Islam and so on There is a great variety in the methods of evocation in the reasons for them in their procedure and in their place in the culture but the basic principle is very simple
