The Vicar's Daughter George MacDonald, 1872 **The Vicar's Daughter** George MacDonald, 1905 *The Vicar's Daughter* by George MacDonald is a novel written in the late 19th century. The story centers on Ethelwyn Percivale who reflects on her life and experiences as she navigates the complexities of love, marriage, and family. Set against the backdrop of social expectations and personal aspirations, the book delves into themes of identity, fidelity, and the struggles of emerging adulthood. At the start of the novel, Ethelwyn introduces herself and shares her feelings about leaving her parents and her old name behind as she embarks on her new life with her husband Percivale. Through her introspective narration, we learn about her prompt to write and the discussions at her family dinner table that ultimately lead her to consider documenting her life experiences. The opening chapters offer a glimpse into her relationships with her husband and her parents, highlighting her father's philosophical views and her mother's nurturing presence, all while she grapples with her insecurities about being capable of telling her story. This blend of personal reflection, familial dynamics, and societal commentary sets the tone for a thoughtful exploration of a young woman's journey in a changing world.

The Vicar's Daughter George MacDonald, 2020-06 I think that is the way my father would begin My name is Ethelwyn Percivale and used to be Ethelwyn Walton I always put the Walton in between when I write to my father for I think it is quite enough to have to leave father and mother behind for a husband without leaving their name behind you also I am fond of lumber rooms and in some houses consider them far the most interesting spots but I don't choose that my old name should lie about in the one at home I am much afraid of writing nonsense but my father tells me that to see things in print is a great help to recognizing whether they are nonsense or not And he tells me too that his friend the publisher who but I will speak of him presently his friend the publisher is not like any other publisher he ever met with before for he never grumbles at any alterations writers choose to make at least he never says any thing although it costs a great deal to shift the types again after they are once set up The other part of my excuse for attempting to write lies simply in telling how it came about
