## Walters Way:

*The Buildings Around Us* Thom Gorst, 2003-09-02 Buildings surround and affect us all In this clear and concise introduction to buildings Thom Gorst demystifies the culture of architecture and shows how an interest in our environment whatever our cultural position can be of great value to us Architecture and Freedom Owen Hopkins, 2018-04-09 Architects are facing a crisis of agency For decades they have seen their traditional role diminish in scope as more and more of their responsibilities have been taken over by other disciplines within the building construction industry Once upon a time we might have seen the architect as the conductor of the orchestra now he or she is but one cog in a vast and increasingly complex machine In an attempt to find a way out of this crisis there is growing debate about how architects might reassert the importance of their role and influence On one side of this argument are those who believe that architects must refocus their attention on the internal demands of the discipline On the other are those who argue that architects must instead reacquaint themselves with what many still believe to be the discipline's core mission of advancing social progress and promoting the public good and at the same time the scope of their traditional disciplinary remit At root this question is fundamentally about freedom about whether architects still possess it if they have ever done and whether it is possible to find the professional disciplinary and individual autonomy to be able to define the spheres of their own practice Presenting a variety of views and perspectives this issue of AD takes us to the heart of what freedom means for architecture as it adapts and evolves in response to the changing contexts in which it is practised in the 21st century Contributors include Phillip Bernstein Peggy Deamer Adam Nathaniel Furman Kate Goodwin Charles Holland Anna Minton Patrik Schumacher Alex Scott Whitby Ines Weizman and Sarah Wigglesworth Featured architects Atelier Kite ScottWhitbyStudio C S Architects Anupama Kundoo Noero Architects Umbrellium and Zaha Hadid Architects Making a Start Tudor Jenks, 1903 A-Z London Geographers' A-Z Map Company, 2002 London cabbies train for years and the London A Z is their bible This highly detailed city atlas is found in every car in the country It shows all the streets lanes and courtyards as well as train stations gardens parks and points of interest 40 000 thoroughfares are indexed All color maps for easy reading Don't go to London without this book *The Trow (formerly Wilson's) Copartnership and Corporation Directory of New York City*, 1908 **Trow (formerly Wilson's) Copartnership and Corporation Directory of the Boroughs of Manhattan and the Bronx, City of New York**, 1914 The Railroad Trainman, 1919 **The Bridgemen's Magazine**, 1917 *Polk's (Trow's) New York Copartnership and Corporation Directory, Boroughs of Manhattan and Bronx*, 1902 **Congressional Record** United States.
