Whispers, 1987 **The Seance Secret** Vanessa Lind, 2024-07-22 Phantom or illusion History holds the key Haunted by her failures Gilded Age girl reporter Jo Felch attends a series of s ances hosted by the enigmatic medium Serephina Spencer who seems to possess uncanny abilities As Jo investigates the mysterious occurrences she suspects a dangerous alliance that aims to put her newspaper out of business Determined to expose the truth she makes a startling discovery In a thrilling showdown she unveils a web of deception and secrets proving that her failures aren t at all what they seem In the present day bookshop owner Olivia Crawford becomes entangled in a mystery when a team filming a ghost hunting show arrives in town When a shocking incident leaves one of the crew members in a coma Olivia teams up with her assistant Naomi to uncover the truth behind the accident As they delve deeper into the mystery Olivia confronts treachery manipulation and a connection that spans present and past ultimately unraveling a mystery that saves a man s life A gripping dual timeline historical mystery of redemption friendship and the courage to confront one s flaws while seeking the truth Absolutely fantastic Kept me wondering what could possibly happen next Intriguing all the way to the end Superb So well written so captivating so much passion and compassion It left me feeling at peace after reading This was my first Gilded Age era book and wow this book is amazing So many secret cryptic codes and just all around crazy ending I am for one hooked What a perfect book for this time of the year Vanessa Lind has become one of my favourite authors If you love historical fiction with mystery and intrigue I highly recommend this book This series is so fun and each book has shown a different side to the two main characters If you enjoy a good historical mystery series you ve got to check this one out It s a fun thrill filled ride with amazingly strong women at the helm What a perfect book to read for the Halloween season I definitely recommend the whole series Satisfyingly spooky but not TOO scary The dual storylines continue to intrigue pulling you into them and keeping you reading right through to the end There were plenty of twists and turns several of which I never saw coming While this can be read as a standalone it s so much more exciting to read the entire Tidewater Chronicles series I wholeheartedly recommend this clean suspense and can t wait for the next book in the series A thrilling spooky ghost story perfect for this time of year One of my favorite book series *The Factory* Catherine Egan, 2025-01-07 Step inside the Factory in this suspenseful exploration of power exploitation and the nature of time that Kirkus calls a gripping fast paced story with a cliffhanger ending and a complex beginning to what will surely be a sought after series Thirteen year old Asher Doyle is no stranger to misfortune Bullied at school and struggling with problems at home he dreams of the day he can leave it all behind him That s when he receives an unexpected opportunity an invitation to join the Factory a top secret research facility that s supposedly developing renewable energy and Asher will be paid handsomely for his participation It seems like the answer to all his problems But not everything is as it seems at the Factory The other kids in the program are tired and sullen almost as if they ve had the life sucked out of them and the staff members are clearly hiding something What s more Asher discovers he wasn

t chosen at random someone in the program desperately wants him to participate Asher can't help but feel that whatever the Factory is doing it's not what he or any of the other kids signed up for To Asher's horror it turns out that the Factory isn't developing renewable energy at all So what is the Factory up to more important why As conditions in the Factory worsen Asher must team up with the other kids to uncover the sinister truth behind the experiment and his personal connection to it before someone gets seriously hurt
