Hendon, Elizabeth A. Stewart, 2008-10-14 THE NEW YORK TIMES BESTSELLER *An Enormous Crime* is nothing less than shocking Based on thousands of pages of public and previously classified documents it makes an utterly convincing case that when the American government withdrew its forces from Vietnam it knowingly abandoned hundreds of POWs to their fate The product of twenty five years of research by former Congressman Bill Hendon and attorney Elizabeth A Stewart this book brilliantly reveals the reasons why these American soldiers and airmen were held back by the North Vietnamese at Operation Homecoming in 1973 what these brave men have endured and how administration after administration of their own government has turned its back on them This authoritative expos is based on open source documents and reports and thousands of declassified intelligence reports and satellite imagery as well as author interviews and personal experience *An Enormous Crime* is a singular work telling a story unlike any other in our history ugly harrowing and true *Nixon, Ford and the Abandonment of South Vietnam* J. Edward Lee, H.C. "Toby" Haynsworth, 2002-04-25 South Vietnam fell because of events occurring thousands of miles away from the battlefields in China the Soviet Union Latin America the Middle East and Washington s corridors of power along protest lines and around America s dinner tables These other wars being fought by American presidents Richard Nixon and Gerald Ford profoundly impacted what happened in Vietnam This work examines those other conflicts and the political social and economic factors involved with them that distracted and crippled the presidencies of Richard Nixon and Gerald Ford and led to the eventual abandonment of the U S supported South Vietnamese regime Nixon entered office with the goal of bringing the world together but saw that goal ruined by the 1973 war in the Middle East preoccupations with China and the Soviet Union a weak economy Watergate and his disgraceful exit from the White House Ford s presidency was tainted almost from the beginning because of the pardon he granted to Nixon but the American public tired of war and concerned about the economy was ready to hear that the war had come to an end An argument is presented that the war could have been won if the other wars had been fought by presidents willing to honor the American commitment to its allies in South Vietnam **Western Europe In Kissinger's Global Strategy** Argyris G

Spetter,1987 Benjamin Harrison was an early proponent of American expansion in the Pacific a key figure in such landmark legislation as the Sherman Anti Trust Act and the McKinley Tariff and one of the Gilded Age s most eloquent speakers Yet he remains one of our most neglected and least understood presidents In this first interpretive study of the Harrison administration the authors illuminate our twenty third president s character and policies and rescue him from the long shadow of his charismatic secretary of state James G Blaine An Ohio native and Indiana lawyer Harrison opened the second century of the American presidency in a rapidly industrializing and expanding nation His inaugural address reflected the nation s optimism The masses of our people are better fed clothed and housed than their fathers were The facilities for popular education have been vastly enlarged and more generally diffused The virtues of courage and

patriotism have given proof of their continued presence and increasing power in the hearts and over the lives of our people But the burdens and realities of his office soon imposed themselves upon Harrison The biggest blow came at midterm with the Republicans devastating losses in the 1890 congressional elections In an era of congressional dominance those losses eroded Harrison s position as a legislative advocate at least for domestic issues His impact in foreign affairs was more lasting One of the highlights of this study is its revealing look at Harrison s visionary foreign policy especially toward the Pacific Socolofsky and Spetter convincingly demonstrate that although Harrison s ambition to acquire the Hawaiian Islands was not realized during his presidency his foreign policy was a major step toward American control of Hawaii and American expansion in the Far East **The World's Work** ,1922 Forty-two Years in the White House Irwin Hood Hoover,1934 Ten presidents from Benjamin Harris on to Franklin D Roosevelt *The Military Engineer* ,1927 Directory of members constitution and by laws of the Society of American military engineers 1935 inserted in v 27 *The Trade-mark Reporter* ,1943 **The World To-day** ,1912
