Chumley,2022-05-03 A crucial warning for Americans about the left s never ending lust to steal individual liberties and the power of God to stop it Everett Piper Bestselling Author of Grow Up Lockdown is a terrifying story of not only the chaotic freefall of American freedoms during the opening stages of the COVID pandemic but the dangerous growth of government power that continues today Lockdown is a warning that the extraordinary powers invoked by left wing Democrats and others

justified by claims of public health and safety have begun the unravelling of America's constitutional order and our most cherished freedoms. Using COVID 19 as a cover, Democrat leaders and their bureaucratic health advisers seized powers the Constitution never gave them and ordered citizens to stay off streets and out of public parks, banned them from their workplaces, closed down their schools, and made church attendance a crime, even as these same leaders and their left-leaning cronies blithely arrogantly and outrageously allowed mass protests, kept open abortion clinics, and did as they pleased. Relying on her trademark aggressive reporting style, Cheryl K. Chumley explains how the radical left is using pandemic policies as a template for increasing controls over the lives of citizens as they build a one-party socialist state in America. A sequel to her bestselling book *Socialists Don't Sleep in Lockdown*, Chumley exposes how hypocritical, elitist, and radical leftists are still using the coronavirus to score political points and steal individual rights, as the original pandemic served as dress rehearsal in the march toward the new fascism. **Politics and Government in the New World** M.
