*World Without End* James H. Moorhead, 1999-10-22 In the nineteenth century many American Protestants expected almost limitless orderly progress as Christianity and democracy spread and as technology and prosperity increased Yet they also believed that many centuries hence after progress had run its course the Second Coming of Jesus and a supernatural End to the world would occur If these Protestants had one foot in the world of steamships and the telegraph the other remained firmly planted in the cosmos of the Apocalypse a universe where angels poured out vials of wrath where the dead would rise again and where the wicked would be cast forever into a lake of burning fire

**Civilization** Robert M. Spector, 2005 This work a two volume set is the result of over ten years of research in western Europe It is not only a historical account of the Holocaust but also an analysis of how when where and why it took place As a sub theme and perhaps just as important is the realization that what happened originally to the Armenians at the start of the 20th century and continued with the Jews of Europe was experimentation in the settling of problems with minorities by means of genocide This history and analysis of the Holocaust serves as a warning that genocide is becoming a worldwide technique and method of domestic policy     Reports from Commissioners Great Britain.
