**Vertical Run** Joseph R. Garber, 2011-07-27 NEW YORK TIMES BESTSELLER A breathless read USA Today featuring some of the most ingenious military techno twists this side of Tom Clancy San Francisco Chronicle David Elliot is about to have a very bad day at the office Each morning in his forty fifth floor executive suite David savors the quiet moments before the workday begins Until today when his boss walks in and aims a gun at him murder glinting in his eye For the rest of the day David will be trapped in a midtown tower with a team of ruthless and professional mercenaries Everyone he meets and knows will try to kill him They expect him to be dead by lunchtime But they re wrong This is the killer workday redefined a high stakes and whiplash paced drama that plays out with an electrifying intensity You ll never see the office the same way again

**Vertical Run** Joseph R. Garber, 1996 Enjoying a satisfactory career and life David Elliot is astounded when his boss tries to shoot him one morning an event that triggers an inexplicable series of attempts on his life throughout the following twenty four hours

**Chart Patterns** Thomas N. Bulkowski, 2016-07-05 Take chart patterns beyond buy triggers to increase profits and make better trades Chart Patterns After the Buy goes beyond simple chart pattern identification to show what comes next Author and stock trader Thomas Bulkowski is one of the industry s most respected authorities in technical analysis for this book he examined over 43 000 chart patterns to discover what happens after you buy the stock His findings are detailed here to help you select better buy signals avoid disaster and make more money Bulkowski analyzed thousands of trades to identify common paths a stock takes after the breakout from a chart pattern By combining those paths he discovered the typical routes a stock takes which he calls configurations Match your chart to one of those configurations and you will know before you buy how your trade will likely perform Now you can avoid potentially disastrous trades to focus on the big winners Each chapter illustrates the behavior of a specific pattern Identification guidelines help even beginners recognize common patterns and expert analysis sheds light on the period of the stock s behavior that actually affects your investment You ll discover ideal buy and sell setups how to set price targets and more with almost 370 charts and illustrations to guide you each step of the way Coverage includes the most common and popular patterns but also the lesser known ones like bad earnings surprises price mirrors price mountains and straight line runs Whether you re new to chart patterns or an experienced professional this book provides the insight you need to select better trades Identify chart patterns Select better buy signals Predict future behavior Learn the best stop locations Knowing the pattern is one thing but knowing how often a stop will trigger and how often you can expect a stock to reach its target price is another matter entirely and it impacts your trade performance immensely Chart Patterns After the Buy is the essential reference guide to using chart patterns effectively throughout the entire life of the trade

**Document Analysis Systems: Theory and Practice** Seong-Whan Lee, Yasuaki Nakano, 2003-07-31 Recently there has been an increased interest in the research and development of techniques for components of complete document analysis systems In recognition of this trend a series of workshops on

Document Analysis Systems commenced in 1994 under the leadership of Henry Baird The first workshop held in Kaiserslautern Germany in October 1994 was chaired by Andreas Dengel and Larry Spitz The second workshop on Document Analysis Systems was held in Malvern PA USA in October 1996 chaired by Jonathan J Hull and Suzanne Liebowitz Taylor The DAS workshop has been one of the most prestigious technical meetings bringing together a large number of scientists and engineers from all over the world to express their innovative ideas and report on their latest achievements in the area of document analysis systems The papers in this special book edition were rigorously selected from the Third IAPR Workshop on Document Analysis Systems DAS 98 held in Nagano Japan on 4 6 November 1998 It is worth mentioning that the papers were chosen for their original and substantial contributions to the workshop theme and this special book edition From among the 53 papers that were presented by authors from 11 countries at the DAS 98 after critical reviews by at least three experts we carefully selected 29 papers for this special book edition Most of the contributions in this edition have been expanded or extensively revised to include helpful discussions suggestions or comments made during the workshop
