Filmmakers and footsloggers It s not often you hear these two words together but they perfectly capture the story of Australia s film industry revealed in this compelling book Since the early 20th century Australia s local screen industry has fought a fierce battle against the overwhelming dominance of Hollywood striving to keep homegrown feature films on Australian cinema screens This is a story of resilience and cultural pride where the struggles of the nation s filmmakers have been metaphorically aligned with the heroic narrative of the Anzac soldier Much like the first Anzacs at Gallipoli heroes even in the face of devastating defeat Australia s cinema has a celebrated history of seeing itself as valiant even when the odds were stacked against it Peter Mageros delves into the deep historical connections between myth and cinema exploring how filmmakers such as Longford Chauvel Weir and Beresford have drawn inspiration from the iconic images of the Diggers on screen The book reveals how the theme of the heroic film industry persists in contemporary times with Australian filmmakers portrayed as going into the trenches alongside the legendary soldiers This is a story of true heroism not always one of triumphant conquest but of unwavering determination to protect and preserve a uniquely Australian cinematic voice

In a Sunburned Country Bill Bryson,2012-05-15 Deliciously funny fact filled and adventurous In a Sunburned Country takes us on a grand tour of Australia It s a place where interesting things happen all the time from a Prime Minister lost yes lost while swimming at sea to Japanese cult members who may entirely unnoticed have set off an atomic bomb on their 500 000 acre property in the great western desert Australia is the only island that is also a continent and the only continent that is also a country Its aboriginal people a remote and mysterious race with a tragic history have made it their home for millennia And despite the fact that it is the most desiccated infertile and climatically aggressive of all inhabited continents it teems with life In fact Australia has more things that can kill you in extremely nasty ways than anywhere else sharks crocodiles the planet s ten most deadly poisonous snakes fluffy yet toxic caterpillars sea shells that actually attack you and the unbelievable box jellyfish don t ask The dangerous riptides of the sea and the sun baked wastes of the outback both lie in wait for the unwary Australia is an immense and fortunate land and it has found in Bill Bryson its perfect guide In a Sunburned Country offers the best of all possible introductions to what may well be the best of all possible nations Even with those jellyfish *Billy Connolly*
