Worldview for Christian Witness Charles H. Kraft, 2008-06-01 In *Worldview for Christian Witness* Charles Kraft invites readers to understand REALITY as God sees it by learning to take seriously the insights of other societies The diversity of cultures can seem obvious but to really understand the significance of those surface level differences one needs to understand the deep level assumptions on which they are based *The Indians of Central and South America* James S. Olson, 1991-06-17 At a juncture in history when much interest and attention is focused on Central and South American political ecological social and environmental concerns this dictionary fills a major gap in reference materials relating to Amerindian tribes This one volume reference collects important information about the current status of the indigenous peoples of Central and South America and offers a chronology of the conquest of the Amerindian tribes a list of tribes by country and an extensive bibliography of surviving American Indian groups Historical as well as contemporary descriptions of approximately 500 existing tribes or groups of people are provided along with several bibliographic citations at the conclusion of each entry The focus of the volume is on those Indian groups that still maintain a sense of tribal identity For the vast majority of his entries James S Olson draws material from the Smithsonian Institution s seven volume *Handbook of South American Indians* as well as other classic resources of a broad general nature Much attention is also focused on the complicated question of South American languages and on the definition of what constitutes an Indian Olson s introduction cites dozens of valuable reference works relating to these topics Following the introduction this survey of surviving Amerindians is divided into sections that contain entries for each existing tribe or group an appendix listing tribes by country the Amerindian conquest chronology and a bibliographical essay This unique reference work should be an important item for most public college and university libraries It will be welcomed by reference librarians historians anthropologists and their students *Protestant Traditions and the Soul of Europe* Gijsbert van den Brink, Gerard den Hertog, 2017-12-01 What binds contemporary Europeans together in terms of cultural values that go beyond a common interest in economic growth In a time of resurging nationalist movements all over Europe the need for what former President of the European Commission Jacques Delors called a soul for Europe has become more urgent than ever In this volume Delors s 25 years old appeal to the churches is taken seriously In particular contributions to a common sense of belonging that have been made by the traditions of European Protestantism are carefully investigated In nineteen case studies topics and areas as varied as theological identity religious tolerance political philosophy ethics the arts the scientific mentality and the economy are covered It appears that despite the rise of religious pluralism throughout Europe aspects of the Protestant ethos continue to be key to societal cohesion in many places *Mit Beitr gen von* Ibolya Balla Henk van den Belt Jasper Bosman Gijsbert van den Brink Ad de Bruijne Gerard den Hertog Zsolt G r zdi Theo L Hetteema Hans Martin Kirn Jen Kiss Leo Koffeman Henri A Krop Yelena Mazour Matusevich Olga Navr tilov Henk P de Roest Herman Speelman Willem van Vlastuin Pieter Vos und Heleen

Splitting the Difference Martin Benjamin,1990 Politics is often characterized as the art of compromise the implication being that compromise is desirable and that insight imagination discipline and skill are all necessary for a compromise Compromise in ethics however is quite another matter there it is usually regarded as a sign of weakness or lack of integrity From Socrates and Sir Thomas More to Elizabeth Cady Stanton Gandhi and Martin Luther King Jr we honour these men and women not only for the nature of their convictions but also for their unwavering refusal to compromise
