To Live Among Wolves Morgan Hubbard, 2024-06-18 She's aching to belong He's desperate to keep his kingdom a secret Torn between reality and make-belief Eden Thomas has never really fit in Fifteen years of believing in werewolves will do that to a person But when she encounters a wolf in the forest and gets taken into a secret kingdom she finds there's more to the forest than she expected Ancient languages a looming threat from an age-old shapeshifter and a growing relationship with the three royal siblings Eden will find belonging in a place beyond her wildest dreams Silas that is King Silas assumed the throne of Arcadia after his father's untimely death Now with the responsibility for an ancient and powerful group of shapeshifters and dealing with the return of his prodigal brother not to mention the pesky Seer with ominous warnings Silas must decide if it's more important to keep his kingdom safe or follow tradition And it's much more difficult with a human in tow and his growing feelings for her Join Eden and Silas in an atmospheric tale set in the mountains of Appalachia deep in the forests in the magical kingdom of Arcadia

To Live Among Wolves Alan Simon, 2004-08 What could be the outcome of a marriage of convenience between unregenerate Nazis and Arab terrorists if one of the wedding gifts was a pair of Soviet nuclear devices If the honeymoon site was an ODESSA controlled installation in the Congo If the best man was an American President with a weak moral spine CIA case officer Hank Ingalls asked himself these questions before he went missing Powerful government elements want him written off Furious the DCI orders a clandestine rescue operation The CIA resurrects Sean Brogan an operative forced into retirement because of direct often violent problem-solving techniques Brogan working with a beautiful Mossad agent uncovers terrible truths that could destroy the moral leadership of the US among the nations of the world With enemies threatening to destroy him after he leaves the White House the President believes the nuclear destruction of Israel is a reasonable price to pay for self-preservation

White, Justin Morris, 2005-06-23 Hilaire McCoubrey wrote extensively in the area of armed conflict law and on the issues of collective security law and the law relating to arms control Although he died at the early age of 46 in 2000 he had contributed significantly to the separate study of these areas but also to the idea of studying the issues as a whole subject The collection covers difficult and controversial issues in the area of conflict and security law The contributors drawn both from academe and practice provide expert analysis of many aspects of the law governing armed conflict and collective security As well as providing a fitting tribute to the main aspects of Hilaire's contribution to knowledge the volume provides a coherent reconsideration and development of key aspects of conflict and security law at a time when that law is being applied breached debated or reformed on almost a daily basis
