To Support And Defend:

The Restorer of the Union of the United States to Its Original Purity Samuel Jordan,1866 *Hamilton and the Law* Lisa A. Tucker,2020-10-15 Since its Broadway debut *Hamilton* An American Musical has infused itself into the American experience who shapes it who owns it who can rap it best Lawyers and legal scholars recognizing the way the musical speaks to some of our most complicated constitutional issues have embraced Alexander Hamilton as the trendiest historical face in American civics *Hamilton and the Law* offers a revealing look into the legal community s response to the musical which continues to resonate in a country still deeply divided about the reach of the law A star powered cast of legal minds from two former U S solicitors general to leading commentators on culture and society contribute brief and engaging magazine style articles to this lively book Intellectual property scholars share their thoughts on Hamilton s inventive use of other sources while family law scholars explore domestic violence Critical race experts consider how *Hamilton* furthers our understanding of law and race while authorities on the Second Amendment discuss the language of the Constitution s most contested passage Legal scholars moonlighting as musicians discuss how the musical lifts history and law out of dusty archives and onto the public stage This collection of minds inspired by the phenomenon of the musical and the Constitutional Convention of 1787 urges us to heed Lin Manuel Miranda and the Founding Fathers and to create something new daring and different

Finocchiaro,2021-08-28 This book collects a renowned scholar s essays from the past five decades and reflects two main concerns an approach to logic that stresses argumentation reasoning and critical thinking and that is informal empirical naturalistic practical applied concrete and historical and an interest in Galileo s life and thought his scientific achievements Inquisition trial and methodological lessons in light of his iconic status as father of modern science These republished essays include many hard to find articles out of print works and chapters which are not available online The collection provides an excellent resource of the author s lifelong dedication to the subject Thus the book contains critical analyses of some key Galilean arguments about the laws of falling bodies and the Copernican hypothesis of the earth s motion There is also a group of chapters in which Galileo s argumentation is compared and contrasted with that of other figures such as Socrates Karl Marx Giordano Bruno and his musicologist father Vincenzo Galilei The chapters on Galileo s trial illustrate an approach to the science vs religion issue which Finocchiaro labels para clerical and conceptualizes in terms of a judicious consideration

of arguments for and against Galileo and the Church Other essays examine argumentation about Galileo s life and thought by the major Galilean scholars of recent decades The book will be of interest to scholars in philosophy logic philosophy of science history of science history of religion philosophy of religion argumentation rhetoric and communication studies
