South To Java:

South to Java William P. Mack,1989-05 With the world at war the USS O Leary an outdated destroyer held together with hairpins and prayers steams toward a deadly conflict in the South Pacific the Battle of the Java Sea As the apparently doomed vessel prepares to defend the U S from the crack Imperial Fleet young Lieutenant Ross Fraser fights his own battles with his suicidal captain with a virtually defenseless and ancient ship and with a complement of salty sailors drawn from the old China station men as reckless in bars and brothels as they are facing the enemy Half of them left girlfriends in the Philippines all of them rage from what happened at Pearl Harbor and none of them will back down in the face of Japan s superior sea power

Back cover South to Java William P. Mack,1987 South by Java Head Alistair MacLean,1958 **South by Java Head** Alistair MacLean,1965 **World Seas: An Environmental Evaluation** Jean-Francois Hamel,2018-09-03 World Seas An Environmental Evaluation Second Edition Volume Two The Indian Ocean to the Pacific provides a comprehensive review of the environmental condition of the seas from the Indian Ocean to the Pacific Each chapter is written by experts in the field who provide historical overviews in environmental terms current environmental status major problems arising from human use informed comments on major trends problems and successes and recommendations for the future The book is an invaluable worldwide reference source for students and researchers who are concerned with marine environmental science fisheries oceanography and engineering and coastal zone development Covers regional issues that help countries find solutions to environmental decline that may have already developed elsewhere Provides scientific reviews of regional issues thus empowering managers and policymakers to make progress in under resourced countries and regions Includes comprehensive maps and updated statistics in each region covered **The Discovery of Australia** George Arnold Wood,1922 **Historical Atlas of Indonesia** Robert Cribb,2013-02-01 This pioneering volume traces the history of the region which became Indonesia from early times to the present day in over three hundred specially drawn full colour maps with detailed accompanying text In doing so the Atlas brings fresh life to the fascinating and tangled history of this immense archipelago Beginning with the geographical and ecological forces which have shaped the physical form of the archipelago the Historical Atlas of Indonesia goes on to chart early human migration and the changing distribution of ethnic groups It traces the kaleidoscopic pattern of states in early Indonesia and their gradual incorporation into the Netherlands Indies and eventually into the Republic of Indonesia *Water and Disasters* Chennat Gopalakrishnan,Norio Okada,2013-09-13 This book is the first major attempt to address comprehensively and in depth the many issues associated with water and disasters It is particularly relevant and topical in view of the increasing frequency and intensity of water triggered disasters that have afflicted the world in recent years among them the Indian Ocean Tsunami and Hurricane Katrina *Water and Disasters* is a global survey and assessment of the causes consequences and post recovery policies concerning water disasters The chapters include empirical studies case histories conceptual theoretical investigations policy perspectives institutional

analysis and risk analysis among others The book features a comprehensive discussion of the 2004 Indian Ocean Tsunami as well as major floods and droughts in England Wales China and the western United States It also includes chapters on advances in decision support systems for flood disaster management and rainfall insurance This volume should be of special interest to disaster management planners and practitioners globally primarily in the domain of water in crafting creative solutions for tackling the disasters effectively efficiently and rapidly This book was previously published as a special issue of International Journal of Water Resources Development *An Outline of the Geology of Indonesia* Herman Darman, F. Hasan Sidi, 2000 The idea to produce this book originated during the Tectonics and Sedimentation of Indonesia seminar the first regional meeting of the Indonesian Sedimentologists Forum FOSI the sedimentological commission of IAGI in 1999 The meeting was conducted to commemorate the 50 years anniversary of the publication of van Bemmelen's book entitled *Geology of Indonesia 1949* This was the first book to deal in depth with Indonesian geology at that time This work was written before the offshore exploration activities and is now out of print Van Bemmelen's book is a classic of its type that covers onshore geology and some fields of geological enquiry that have not been superseded by more modern work In this volume we have attempted to compile pre-existing publications Additional recent insights understandings were added to give an up to date picture of the geology of Indonesia It was found that much of geological data have been gathered since the first exploration activity some 150 years ago but was not utilized or even widely known by geologists recently *An Outline of the Geology of Indonesia* is a compilation of mainly published materials using post van Bemmelen's concept and understanding We have incorporated facts ideas philosophies and prejudices of many authors some are quoted and acknowledged others have been absorbed and blended These materials have been bound together to give readers a regional view of Indonesia Our main problems have been the selection of material and the need to strike a balance between each chapter The book is far from perfect and ongoing efforts will be made to upgrade the contents of this book Suggestions and input are most welcome to improve the next edition The book is organized geographically into fourteen chapters starting from the West and ended with Irian Jaya Each chapter covers general geology stratigraphy and tectonic history We have also endeavored to list as many references as possible in order to enable users to explore for themselves the original works
