## **Spacestation Ark:**

*ATLANTIS* David J. Nowel, 2024-05-23 An exciting story about the future As in all his novels the author uses erotic material as a backdrop to provoke and shock readers while expressing his social political commentaries Engineers and scientists complain that the sex gets in the way of the story Some readers have accused the author of using LSD Some will think that that it is too too futuristic however the author feels it s prophetic and should already be happening This is the 4th installment of the ARK s series starting with Nickers A Fish from Far Far Away The ARK Society Space Station ARK and Atlantis After Space Station ARK It starts with super intelligence eliminating war by purging those leaders who stand in their way rather than bombing and killing innocent people Amanda Joy her lover and Alex want to start all over again by raising their progeny in a new more pristine environment free from technology They re on their way to colonizing a new planet called Avalon that has been prepared by robots It s another Garden of Eden When they land their children are 25 years old On landing Alex is greeted by another human an attractive young female Her name is Diana and he is told that genetically he is her father Diana becomes his guide friend and companion As time goes by Alex becomes uneasy over the development of his children He s beginning to see the bad traits of his species They re breaking up into competitive groups Zack one of the more villainous of his children becomes a fierce leader of one group Diana wishes to be more acceptable to her brothers and sisters Encouraged by Amanda in the wonders of having a child Diana was not designed for primitive birthing and will need surgery While Amanda is doing the surgical procedure an accident occurs When Alex learns of Diana s death he goes into pain and rage He blames everyone for taking part in the charade Genie the main computer has been Alex s protector since Space Station ARK She has been waiting for this moment She has learned to take on a human form She seduces him He decides that he no longer wants to live there They have a plan to find another planet and to create a new species Homo atlantiens This is the end of the series but not the end of the story Homo atlantiens their progeny will eventually populate the whole universe

**The Manual** David J. Nowel, 2014-12-05 This book is controversial because it attacks a system that has been around for a hundred or more years It stings the male ego The book is provoking and it attacks the foundation of our societys hypocrisy especially the males relationship to woman It follows after the authors first novel Spacestation ARK that shows a way in the future for fulfilling the males sexual needs This is a harsher book not a men are from Mars and women are from Venus but a book of how men are from the Sun and women are from Pluto Its a tongue in cheek dialogue that every man will understand We say it with every breath we breathe We cant live with them and yet we cant live without them But we wish we could find a way to live without them for just a while longer I know the humor of it all will show through because as males we have all been there in some way or other For Males Only is a manual for men advice to men on methods to avoid relationships with women The result and reward for following the program as outlined is to either make more money or to end up keeping the money rather than spending a lot of time just wining and dining The advice given will most definitely

serve its purpose if followed religiously This advice if you will is by no means meant to be a guide on how to avoid women completely however in some cases you may want to Ex wives goldiggers unless shes digging gold for you and neurotics should be taken off your list of potential dating material even if she does insist on picking up the tab or meeting you half way In other words its your way or no way This indeed is a must have for any library particularly yours *Doctor Who in Time and Space* Gillian I.
