Springtime For Teddy:

Teddy's Spring Erika Castricum ,2024-12-21 Teddy started a feel good routine by going for an early morning walk in his favourite garden next to the old apple orchard This did wonders for both his confused mind and constant appetite for breakfast Teddy is easily distracted and can abruptly stop while in the middle of doing important things like jumping into creeks when something moving or shiny catches even one of his beady eyes Teddy sometimes needs quiet time in nature to think through his problems and walking helps him do that while fully experiencing the joy of spring happening all around him
