The Soul's Code James Hillman, 2013-02-06 1 NEW YORK TIMES BESTSELLER A transformative guide to reconnecting with and harnessing your authentic self so you can lead a more fulfilled complete life from the world renowned former director of the Jung Institute A brilliant and absorbing work James Hillman dares us to believe we are each meant to be here that we are needed by the world around us Publishers Weekly Plato called it daimon the Romans genius the Christians guardian angel today we use such terms as heart spirit and soul While philosophers and psychologists from Plato to Jung have studied and debated the fundamental essence of our individuality our modern culture refuses to accept that a unique soul guides each of us from birth shaping the course of our lives In this extraordinary work James Hillman presents a brilliant vision of our selves and an exciting approach to the mystery at the center of every life that asks What is it in my heart that I must do be and have And why Drawing on the biographies of figures such as Ella Fitzgerald and Mohandas K Gandhi Hillman argues that character is fate that there is more to each individual than can be explained by genetics and environment The result is a reasoned and powerful road map to understanding our true nature and discovering an eye opening array of choices from the way we raise our children to our career paths to our social and personal commitments to achieving excellence in our time

[The Soul Code](#) Taylor Moone, 2011 Taylor Moone places the human soul at the center of God's creation plan With his remarks on the nature of the human soul which he makes understandable through the soul code the author shows in a clear manner that is neither God nor the Universe but every single person who fulfills creation The soul itself with its simple code becomes the basic principle of creation His thesis states that every man will experience happiness success and wish fulfillment upon recognizing the soul code

Soul Science Steve Madison, 2020-11-21 There are two entities that have dominated human thinking and faith from the dawn of civilization God and the soul Even though they have been obsessively discussed for thousands of years by countless people including many of humanity's greatest geniuses the number of people today who can actually answer the

simple questions What is God made of and What is the soul made of is vanishingly small Well can YOU give the answer If you can't isn't it time you started studying Soul Science

The Soul and Secrets of Its Structure Larisa Seklitova, Ludmila Strelnikova, 2011-04-04

Since ancient times people have known about existence of the soul Every present religion on the Earth acknowledges that the man has it and all religions confirm that the soul is immortal and its loss is equal to death People offer prayers about salvation of their souls as the greatest value Many religions accept the reincarnation theory i.e. incarnating of the soul when the soul leaves human body after death and moves to newly born human body to proceed its development Thus what is the soul and what's the structure Our Heavenly Teachers have decided that it is time to give the humanity of third millennium new knowledge about the soul as people of sixth race who will live on the Earth in this period of time will be able to accept and understand these revealed truths This book is devoted to this topic New knowledge about the soul is shown up with care not to shock by the avalanche of new concepts For the first time they revealed that the soul is not only the eddy of invisible spirit but it has like the human body its own structure The first chapter of the book is about the structure of the soul Creation of Soul Jesus Christ says in the Bible In my Father's house there are many rooms This means there are many inhabited worlds in the Cosmos Souls for these worlds are created by God himself and his aides special Hierarchical Systems It takes 9 cosmic years to create one soul One cosmic year is approximately equal to 1 billion earthly years because time of God and time on the Earth flies differently God creates the soul and makes it spiritual The only God governs the Great Secret of vivification Without vivification there cannot be life as well When we asked God What is the soul He answered The soul is the integral part of the Absolute Many souls are sort of its interior filling They are its main Units like cells in your body All souls piece out the huge nature of the Absolute and God Structure of Soul The Soul is the complex energetical construction It is a volumetric favose structure matrix where one volume enters another and all are merged Cells of the matrix are completely digits which carry out energy Total volume of the soul is called configuration Types of soul configurations vary greatly The self construction principle is laid in the matrix Every soul while developing builds its configuration basing on energetical volumes which fill up cells of the matrix Qualitative and quantitative composition is different within all matrices That is the reason why there are no two absolutely similar souls The matrix is of great importance for every individual because a personality is not personality without it Individual ceases existing without the matrix as an inspired creation The soul is triune It consists of 3 principles plus minus and managerial When a soul has just been created all these three principles are equal and every part occupies 1/3 of total matrix volume In the course of development the balance between its parts constantly changes although if the managerial part reaches half the volume it maintains this balance This is a program of soul construction Soul Development Development and improvement of soul in everyday life consist in acquisition of life experience new knowledge evolving feelings and intellect but on energetical plane it is enlargement of own energetical potential The sense of life and any existence in any world is development of soul There

are only two ways of soul development for the man plus direction to God and minus one to Devil Ways of virtue creativity development through medicine and additionally way of computation and programming connected with creativity lead to God Ways of evil degradation automatism and programming without creativity principle lead to Devil Development of soul in any world is based on a program Program of development is drawn up per one incarnation in the material body It is saved on one of hum

The Deritualization of Death Charles Lynn Gibson,2019-10-15 The problematic field of investigation for this study was for the care of bereaved human beings in the context of significant cultural shifts now shaping the twenty first century Deritualization was identified as a significant interdisciplinary concern that contributes to potential distress in processes of grieving The objective of the research was the development of a practical theology of compassionate caregiving for the bereaved with deference to the problem of deritualization The theoretical framework was guided by the Oxford Interdisciplinary Research model and the Loyola Institute of Ministries model of practical theology The study was designed for applied research for funeral directors and vocational pastors utilizing qualitative research methods Hermeneutical and empirical components addressed six research questions through two domains of inquiry disciplinary perspectives and educational dynamics of bereavement caregiving Using the method of hermeneutics to critically evaluate the first two research questions three disciplinary fields of knowledge were examined and integrated from the perspective of pastoral care funeral service bereavement psychology and practical theology Each discipline individually converged upon meaningful caregiving meaning reconstruction and meaning reframing as significant modes of bereavement care Using ethnographic semi structured interviews to critically evaluate the remaining four research questions data were collected from a Christian university and a mortuary college The interview questionnaire included twenty five main questions organized in four parts Philosophy of Education Hermeneutics of Bereaved Families Care of Bereaved Families and Encounter of Bereaved Families The study utilized two cycles of qualitative coding techniques to report the findings of each participating school A hybrid form of in vivo and holistic coding as well as a second cycle of pattern coding distilled the interview responses into actionable statements that reinforced bereavement caregiving By synthesizing all of the findings a compelling case was made for a paradigm of comforting presence supported by principles from a Louwian perspective of practical theology including theological anthropology promissiotherapy bipolarity and hermeneutics The study connected a philosophy of meaning reframing and a paradigm of comforting presence to a meta theoretical framework within a narrative approach to care The research elucidated an interdisciplinary understanding that contributed toward a compassionate practical theology of caregiving for the bereaved
